

Kuldeep Yadav

Kanpur, India

[<http://yd.kuldeep01@gmail.com>]

Summary

As a highly motivated first-year B.Tech Computer Science student at MPEC Kanpur, my passion lies in building impactful technology. I'm actively developing a strong foundation in programming, problem-solving, and Data Structures & Algorithms (DSA). With a keen interest in web development, my ultimate goal is to apply and grow my skills in real-world settings by innovating and creating new applications.

Education

Maharana Pratap Engineering College, Kanpur

B.Tech – Computer Science

AKTU Affiliated · 2028 (Expected)

Projects

- **Portfolio website:**

Built a static portfolio site to showcase projects and resume. Learned basic layout, semantic HTML, and responsive design principles.

- **Guess the number game:**

"Guess the cosmic number" is an engaging web game challenging players to find a secret number. It offers interactive feedback, guiding you with "too high" or "too low" hints after each guess.

Technology used :

🔗 **HTML:** For the game's structure.

- 🔗 **CSS:** For responsive design.
 - 🔗 **JavaScript:** For the game's logic.
-

Skills

- **Languages:** C, Java
 - **Web:** HTML ,CSS
 - **Soft skills:** Problem-solving, Teamwork, Communication, Empathetic.
-

Leadership & Extracurricular

- 🔗 Engaged in the **Youth Parliament** and **Press Play** competitions at MPEC, cultivating enhanced public speaking, critical thinking, and communication proficiencies.
-

Certifications

- AI for Beginners – HP Foundation (2025)
 - Responsive web designing–freecodecamp
 - Data visualisation–TATA Foundation
 - Python Essentials 1–Cisco networking academy
-

Social Media

- **Linkedin:** [Linkedin](#)
 - **Hackerank:** [Hackerank](#)
 - **Github:** [Github](#)
