

San Antonio Math Include

Provide Greater Access to STEM Education to All Students

Addison C.

Tutor

San Antonio Math Include

Addison is part of the Class of 2026 at the Smithson Valley High School. She wants to be a trauma surgeon when she grows up and loves to take care of others before herself. Addison's pastimes include giving back to the community, hanging out with friends, going on trips with family members, and playing with her dog. When it comes to academics, Addison is an extremely hard worker and has maintained a straight A average throughout her entire life. Addison is in HOSA, Student Council, Skills USA, and the Key Club at her school. She looks very forward to teaching students in this program.
