The Light

I didn't find what to put my feet on
At dawn, the sun was shining
The sun walked up in the sky
I went out and on the cold sand I walked
The day was already in the middle
Hot, the sand was already burning

The route was long
I ran to arrive soon
The run made me tired
I stopped and walked into a bar
I looked for a chair
In order to sit down

The Light, by Kmin Até Tu

There wasn't one in space
I got down and on the floor I sat down
I heard a pool cue hit a ball
A man said: - I tried
The other said: - I hit the ball in the hole
- Now I'm pissed off

When leaving, stepped on my leg
The snooker loser
Furious, he bit his tongue and I asked:
- Do you have eyes on the back of your head?
He said - I have a malignant wound
He continued: - That you will never know

I went to talk to a woman

Who wore purple and owned the bar

I wanted to know about the lack of chairs

- Why don't you have a place to sit?
- An animal entered and destroyed the chairs
- I see how much he managed to spoil!

I asked: - What is the specie of the animal?

Curious I wanted to know everything

- Upon seeing his figure, the place darkened
- When she replied I was speechless
- The animal had red hair
- In the dark with a big animal?

Then I asked another question

The Light, by Kmin Até Tu

- How did you see the color, in the dark?

- There were hairs on the furniture

If I ask for something, will you give it or not?

Embarrassed, I heard your reply:

- Before I answer, describe!

- A shoe or slipper to protect my feet

Shadow Emerged on the Dirt Road

Black clouds covered the sky

Without the sun, the light closed

She said: - No, I only have the ones I use

- I can fix even a door that gets stuck

- You can go back to your journey

I took the advice and left the place

A very strong lightning clarified everything
I thought: "this happens in a tropical climate"
At the moment, I couldn't see
Wanting to see, I kept myself vertical

A thunder made me cover my ears
Icy stones fell on my head
The pain stays, and a liquid ran through
"I hope it doesn't stay lost"
I heard a voice say: - Joaquim!
I thought "Joaquim, recognize the voice!"

He knew me so I should know him too
He continued: - Do you want to follow me?
I replied: - I need your help

The Light, by Kmin Até Tu

The rain stopped going on

On my feet, he put slippers

I said: - I can't recognize him...

- I've known you for a long time

- Sir, won't you need those slippers?

- No, and I'm glad to help you

- Others have nothing and fear of the future

After a while he replied:

- There will be how to help with the best!

- How can I help if I have no income?

- With actions that someone needs

- I am grateful for your actions

See who your action will help

The Light, by Kmin Até Tu

- Just as the Lord saw that I needed?

- Okay, as I'm leading you

I saw a light and reality revealed

I could see the birds fly

And I thought "This makes the world better"

Walk without fear of stumbling

I wanted to thank those who helped me

"Where is he who guided me?"

Not seeing my guide, I said: - Ah! But...

"I need to replicate the good deed"

My mother said: - came in this rain?

- Mom, seeing you is a blessing!

I realized I was at my parents' house

The Light, by Kmin Até Tu

I continued - Yes, the rain hurt me

- My son, How did you stay dry in the rain?

- I'm soaked in blood

- I don't understand what you're saying

- The hail made me feel thud

Groping, I didn't feel the wounds

- Speak up, but don't be angry

- There is no sign of what happened to me

- What matters is that you are fine

I went into the house and sat on the couch.

Wanted to act as the guide, too!

Being helpful with small actions

In a prayer that would say amen
