Spaceship Game Jam 2025

Helsinki Spacestation is held on 29. - 31.8.2025 in Myllypurontie 1. The event will start on Friday afternoon and end on Sunday evening. This site is part of Spaceship Game Jam 2025, an event where participants come together to create games and media that are inspired by space related opportunities and challenges.

Participants are free to leave the site when they wish and the parents / legal guardians will agree with their child when they can leave the site. We do not recommend going home / outside the site at night time. Parents / legal guardians are always responsible for their child during the event and the organisers are not obliged to keep an eye on their child.
