General Discussion

- Email Monitoring
    - There was a question regarding who monitors the FSTC email. It was decided that specific email addresses are monitored by their respective board member, but the general FSTC email should be monitored by the President and Communications member.
    - Clare offered to clean up the email inbox,and going forward, the inbox for FSTC will be monitored by Clare and Alyson.
- Open Board Positions
    - Clare (I think) mentioned that we should include open board positions in an upcoming email–she will provide info to Alyson for the email.
- Directory
    - It was determined that it's time to clean up the directory and send a copy out to members. Clare (I think) said that she would create a simplified copy that we can either send as a PDF or send a Google Doc link so members can edit their own info. (Not clear if this was determined in the discussions. Alyson will help Clare.)
