

# **TERMS AND CONDITIONS**

## **COMMUNICATION**

- I use either Discord (username @sneguralka) or Telegram (username sneguralka) to correspond with my clients. You are welcome to initially use FurAffinity's notes or comments to request a commission, but afterwards correspondence must be moved to one of the two listed platforms for simplicity and organization.

## **GENERAL**

- All rules and prices listed here are 100% non-negotiable. Any attempt to do so will get you blacklisted.
- You must be 18+ to commission me (or just be on my page in the first place).
- Be polite and professional. Please respect my boundaries and keep your private life separate from any correspondence.
- Pack your patience. I complete commissions on a first-paid, first-serve basis and do not give any estimated deadlines. However, I will of course keep you in the loop regarding the status of your commission and will send WIP shots regularly once work has started.
- For the sake of saving time and keeping the process as streamlined as possible, please have the subject and general idea for your art piece in mind before requesting a commission.

## **PAYMENT**

- Transactions will be made in USD via PayPal invoice. As such, I will need an email address to reach you at so I can send you a payment invoice.
- You must pay 100% of the price of your commission upfront. Work will only start once payment is completed.
- I do not take refunds for completed artwork.
- If you need to cancel your commission for any reason, you will be issued a refund based on how much of your commission has been completed:
  - Work has not started: 100% refund
  - Sketch finished: 90% refund
  - Lineart finished: 70% refund
  - Coloring finished: 50% refund
  - Rendering/background in progress (ie. art is almost complete): 10% refund
- I reserve the right to cancel a commission at any time for any reason. If this should happen, 100% of your payment will be reimbursed.

## **CONTENT**

- No physical products will be shipped to you. You are paying for a digital file sent over the internet.
- I specialize in drawing aeromorphs (living airplanes/winged UAVs) and heliomorphs (living rotorcraft). I can also include humans, humanoids, and other anthropomorphic creatures in your commission, but the main focus must still be on the aeromorph/heliomorph. Please note that I will not draw nudity or explicitly sexual content involving anthropomorphic animals/animal-like fantasy creatures OR sex organs strongly resembling those of animals.
- I am willing to draw nudity and sexually suggestive themes/situations/poses, however, I will *generally* refuse anything explicitly pornographic. This is because I don't believe that I currently have the skill set to be drawing

such complex poses effectively. That being said, please do not hesitate to ask me about any idea you may have that could potentially fall under this category! It truly is a case-by-case basis and I will need to know what it is you would like me to draw before I can make a judgement on whether or not I will be able to draw it for you.

- When it comes to fetish content, the only ones I am willing to draw are pregnancy and size difference (though not to the extent of macro/micro). Everything else, including but not limited to vore/inflation/weight gain, hypnosis, feet, diapers, hyper, etc. is a hard no.
- Absolutely no non-con or underage content. All characters drawn in sexually suggestive situations must be of age and consenting.
- If you would like for your commission to include one of my characters, do not ask me to change anything about their designs. They are my characters and if they are not to your tastes, design your own.
- I will not draw iconography/symbols associated with Nazi Germany, fascist Italy, or imperial Japan.

## PERMISSIONS

- If you would like your commission to include characters belonging to someone other than you, you must provide proof of permission from the owner of the character(s) in question.
- I hold partial ownership of all art I produce for you. This means I have the right to post it on social media, use it in portfolios, etc.
- As the commissioner, you may (and are encouraged to!) post, share, and use your art wherever and however you'd like (there are a few exceptions; See below). Credit to me is appreciated and preferred but not necessary.
- Please do not use your commissioned piece for any of the following:
  - Commercial use (this includes NFTs)
  - Generative AI
  - Hate/harassment against other individuals or groups
