

POTION OWL BOUNTY CAMPAIGN

*The way forward for us is to achieve remarkable things together with the community, team, partners and other emerging companies/projects within the blockchain community. As such we wanted to start off by showing the **community** that we intend to keep our word with the first of many steps - The Potion Owl Bounty Campaign.*

The Potion Owl Bounty Campaign **begins on March 26, 2018** and will run **until the end of token sale or once the bounty budget is finished; whichever comes first.**

We are growing our Potion Owl community! Help us spread the word about our goals, achievements and future development through participation in our bounty program.

It is easy to participate. You spread the word about Potion Owl on social media, by writing and sharing an article about our platform on your blog, or by translating content from our Whitepaper, Value Proposition, Website and videos. In return we will reward you with Potion Owl Tokens (PTNs).

There are six ways to engage and reap rewards, with the bounty budget divided across:

- Facebook (20%)
- Twitter (20%)
- YouTube (20%)
- Blogs/Article Writing (20%)
- Become a Potion Owl Campaigner (15%)
- Language Translation (5%)

Bounty program participants are welcomed to engage with any combination of these channels and services. The bounty campaign will run until the end of 2018 or until the budget has been used up, whichever comes first.
