School district personnel are encouraged, and the law requires certified employees to report to the State Department of Human Services within 24 hours when, in the course of their employment, they reasonably believe a child has suffered from abuse.

EDUCATIONAL PHILOSOPHY OF THE SCHOOL DISTRICT (BP 101)

As a school corporation of Iowa, the IVCSD, acting through its board of directors, is dedicated to promoting an equal opportunity for a quality public education to its students. The board's ability may be limited by the school district's ability and willingness to furnish financial support in cooperation with the student's parents and school district community. The board is also dedicated to providing the opportunity to develop a healthy social, intellectual, emotional, and physical self-concept in a learning environment that provides guidance to and encourages critical thinking in the students for a lifetime.

The board endeavors, through the deviation of the school district's resources, to encourage students, who come to the school district from a variety of backgrounds, to look forward to the time when they will have jobs, homes, families, places in the school district community, and attain recognition as individuals. In order to achieve this goal, the board will seek qualified employees dedicated to development of their professional skills for the betterment of the education program and for the expertise of educational productivity.

Instruction and curriculum are the key elements of a public education. Critical thinking and problem solving skills that will assist the students' preparation for life are instructed as part of a sequentially coordinated curriculum. The school district strives to prepare students for employment, to discover and nurture creative talent and to prepare them to meet and cope with social change in an atmosphere conducive to learning.

The support and involvement of the home and the school district community are essential to achieve educational excellence in the school district. However, if a student is absent from class on the day of an announced test, quiz, assignment, or project, then he/she could be expected to make up that test or turn in that assignment the same day that he/she returns to school.

Teachers will be notified or may look on PowerSchool to verify whether an absence is school related and/or whether it is excused or unexcused. Teachers will work within the following guidelines to establish when homework for their respective classes must be turned in.

Excused Absences: A teacher may allow students up to 1 week (7 calendar days) to complete missed assignments/assessments for full credit upon their return to school and may allow a 2nd week (8-14 calendar days) to complete missed assignments for 50% credit.

1. **1st Unexcused Absence** - Warning and a meeting and phone call to the parents informing them that continued unexcused absences will result in stricter penalties.
2. **2nd Unexcused Absence** - Will result in 1 day of ISS. Students will be assigned to the principal's outer office for the day and will be allowed to complete any work missed from absence and day of ISS. Amount of credit given for unexcused absence will be at the discretion of the individual teachers.
3. **3rd and 4th Unexcused Absences** - Will result in 2 days of ISS. Students will be assigned to the principal's outer office for the day and will be allowed to complete any work missed from absence and day of ISS. Amount of credit given for unexcused absence will be at the discretion of the individual teachers.
4. If a student accumulates **5 or more unexcused absences** in a class per semester, he or she may lose credit for the class. Parents will be notified by phone after the 3rd and 4th unexcused absence. After the 5th unexcused absence parents/students will be notified via email/letter requesting an attendance conference with principal/school counselor. The Iowa County attorney will be contacted with names of all students 16 years or younger that have accumulated 10 or more unexcused absences.

Credit for homework missed due to unexcused absences can result in a maximum of 50% to no credit being given.

BEHAVIOR/DISCIPLINE

The Iowa Valley School Board supports the student responsibility and discipline policies. It also supports the staff in enforcing them and holds the staff accountable for implementing them. The maintenance of orderly conduct of students is necessary in every school situation so that maximum learning may occur. An essential aspect is effective discipline if quality education is to be maintained. The following rules will be adhered to by all students at Iowa Valley.

1. Follow directions the first time.
2. Be in your assigned classroom/seat/area with needed materials before the bell rings.
3. Demonstrate respect for self, students, and school staff.
4. Use appropriate language and behavior.

When a student breaks a rule (not severe), the following discipline hierarchy will be used:

First Consequence: Warning

Second Consequence: Conference with student after class

Third Consequence: Parent Contact (phone call, email, or letter) AND detention (before/after school or lunch)

Fourth Consequence: Referral to the office.

SEVERE CLAUSE: Gross insubordination, inappropriate language, or severe disruptive behavior will result in immediate removal from the classroom.

Teachers and other certified educational employees are charged with the responsibility to act in place of the parent or guardian in all matters relating to discipline and conduct of students. Teachers are also afforded the right to establish individual classroom rules as they see fit in order to offer the best learning environment possible for their students. Teachers' classroom rules will be shared with their students and a copy will be submitted to the office and kept on file.

The Iowa School Code allows for suspension or expulsion of a student for gross misbehavior. Teachers have the authority to remove students from their class for disruptive behavior and may use reasonable force as needed to maintain safety for other students. The school also has the authority of students who are on field trips, in school vehicles, at off-campus classes, and at home and away school activities of any kind. Misbehavior that is so frequent or serious that it tends to disrupt the learning climate will require corrective action by the Administration. These misbehaviors include, but are not limited to:

- Repeated violations of classroom rules (Assertive Discipline Plan)
- Smoking and/or possession or use of other tobacco products and lighters
- Chronic tardiness
- Truancy
- Vulgar, obscene, or abusive language or actions, including public display of affection.
- Petty theft
- Minor vandalism
- Electronic cigarettes, Juuls, any vape related paraphernalia
- Trespassing or loitering
- Gross insubordination or disrespect
- Obscene gestures/racial or ethnic slurs

Corrective disciplinary action may result in any of the following responses:

- Disciplinary conference
- Withholding privileges
- Seizure of contraband
- Suspension from school and all school activities for up to 10 days, provided that appropriate procedures are followed. A suspended student is prohibited from being on school grounds.
- Suspension of bus riding privileges, provided that appropriate procedures are followed.
- Expulsion from school and all school-sponsored activities and events for a definite period of time not to exceed 2 calendar years, provided that the appropriate procedures are followed. An expelled student is prohibited from being on school grounds.

- Notification to juvenile authorities whenever the conduct involves illegal drugs (controlled substances), look-alikes, alcohol, or weapons.
- Notification of parent(s)/guardian(s)
- Removal from classroom
- In-School-Suspension for periods not to exceed 5 school days. The principal or designee will ensure that the student is properly supervised.
- Writing assignments or mediation essays
- Detention - provided the student is supervised by the detaining teacher or the building principal or designee.
- Financial restitution

When behavior involves acts of misconduct, which are potentially harmful to other persons or property and may be against the law, the following corrective disciplinary action may be taken by the administration.

1. The parents will be contacted immediately.
2. Police may be notified.
3. Suspension from school for up to ten school days.
4. Recommendation to the Board of Education that the student be expelled from school.

Students who miss detention for the second time will be issued an in-school suspension and/or be subjected to additional consequences. If the student refuses to do their assignment, he/she will be issued another detention.

DISCIPLINARY REFERRALS/PROCESS

When a teacher or other school official finds a student has broken a school rule, the teacher will fill out a disciplinary report and send it to the principal.

The principal will then arrange to speak to the student as soon as possible by calling him/her out of class immediately.

When the principal meets with the student, he will discuss the reported incident. Students will have a chance to tell their side.

The principal/designee may:

1. Give a verbal reprimand and note the incident on the student's discipline record.
2. Send a written record of the disciplinary violation to the student's parents/guardians;
3. Assign students to after-school or before-school detention for a specific number of times.
4. Take away certain privileges, such as participation in extracurricular activities.

HARASSMENT/ANTI-BULLYING (BP IO2)

The IVCS board is committed to providing all students with a safe and civil school environment in which all members of the school community are treated with dignity and respect. Bullying and/or harassment of or by students, staff, and volunteers is against federal, state and local policy and is not tolerated by the board. Bullying and/or harassing behavior can seriously disrupt the ability of school employees to maintain a safe and civil environment, and the ability of students to learn and succeed. Therefore, it is the policy of the state and the school district that school employees, volunteers, and students shall not engage in bullying or harassing behavior in school, on school property, or at any school function or school-sponsored activity.

Definitions

For the purposes of this policy, the defined words shall have the following meaning:

- "Electronic" means any communication involving the transmission of information by wire, radio, optic cable, electromagnetic, or other similar means. "Electronic" includes but is not limited to communication via electronic mail, internet-based communications, pager service, cell phones, and electronic text messaging.

Filing a Complaint

A complainant who wishes to avail himself/herself of this procedure may do so by filing a complaint with the principal. An alternate will be designated in the event it is claimed that the principal committed the alleged discrimination or some other conflict of interest exists. Complaints shall be filed within 30 days of the event giving rise to the complaint or from the date the complainant could reasonably become aware of such occurrence. The Complainant will state the nature of the complaint and the remedy requested. The Complainant who feels that they have been harassed should follow the following steps:

- If the student is comfortable doing so, the student should communicate to the harasser that the student expects the behavior to stop. If the student wants assistance communicating with the harasser, the student should ask a teacher, counselor or principal to help.
- If the harassment does not stop, or the student does not feel comfortable confronting the harasser, the student should:
 - tell a teacher, counselor or principal; and write down exactly what happened, keep a copy and give another copy to the teacher, counselor or principal including:
 - What, when and where it happened;
 - Who was involved;
 - Exactly what was said or what the harasser did;
 - Witnesses to the harassment;
 - What the student said or did, either at the time or later;
 - How the student felt; and
 - How the harasser responded

School employees, volunteers, and students shall not engage in reprisal, retaliation, or false accusation against a victim, witness, or an individual who has reliable information about an act of bullying or harassment.

Investigation

The school district will promptly and reasonably investigate allegations of bullying or harassment. The building administrator will be responsible for handling all complaints alleging bullying or harassment. The investigator shall consider the totality of circumstances presented in determining whether conduct objectively constitutes bullying or harassment. The principal shall also be responsible for developing procedures regarding this policy.

Decision

If, after an investigation, a student is found to be in violation of this policy, the student shall be disciplined by appropriate measures, which may include suspension or expulsion. If after an investigation a school employee is found to be in violation of this policy, the employee shall be disciplined by appropriate measures, which may include termination. If after an investigation a school volunteer is found to be in violation of this policy, the volunteer shall be subject to appropriate measures, which may include exclusion from school grounds.

A school employee, volunteer, or student, or a student's parent or guardian who promptly, reasonably, and in good faith reports an incident of bullying or harassment, in compliance with the procedures in the policy adopted pursuant to this section, to the appropriate school official

designated by the school district, shall be immune from civil or criminal liability relating to such report and to participation in any administrative or judicial proceeding resulting from or relating to the report.

Any student found to have retaliated in violation of this policy shall be subject to measures up to, and including suspension and expulsion. Any school employee found to have retaliated in violation of this policy shall be subject to measures up to, and including termination of employment. Any school volunteer found to have retaliated in violation of this policy shall be subject to measures up to, and including exclusion from school grounds.

Publication of Policy

The board will annually publish this policy. The policy may be publicized by the following means:

- Inclusion in the student handbook
- Inclusion in the employee handbook
- Inclusion in the registration materials
- Inclusion on the school or school districts website.

PUBLIC DISPLAYS OF AFFECTION

IVCSD recognizes that affection for one another is a healthy and personal act. Excessive public displays of affection (PDA's) among students tend to degrade the persons involved, in the eyes of their family, peers, faculty, visitors, and members of the community. The district will not tolerate excessive public displays of affection in the building or in activities under the direct supervision of the school.

SEARCH & SEIZURE (BP 502.8)

IVCSD property is held in public trust by the Board of Education. School district authorities may, without a search warrant, search a student, student lockers, desks, work area or student vehicles based on a reasonable suspicion that a board policy, school rule, or law has been broken.

Reasonable suspicion may be formed by considering factors such as the following:

- Eyewitness observations by employees
- Information received from reliable sources
- Suspicious behavior by the student
- The student's past history and school record, although this factor alone is not sufficient to provide the basis for reasonable suspicion.
- Observation made by the video camera

The search shall in a manner reasonable in scope to maintain order and discipline in the school, promote the educational environment, and protect the safety and welfare of students, employees, and visitors to the school district facilities.

School authorities may seize any illegal, unauthorized or contraband materials discovered in the search. Items of contraband include but are not limited to, non-prescription controlled substances, marijuana, cocaine, amphetamines, barbiturates, apparatus used for controlled substances, alcoholic beverages, tobacco, dangerous weapons, firearms, explosives, poisons, and stolen property. The Board of Education prohibits the use of tobacco and prohibits the possession, use of being under the influence of beer or alcohol, and other controlled substances, or "look-alike substances that appear to be tobacco, beer or alcohol, or controlled substances by students. Such items are not to be possessed by a student anywhere at school district facilities or at school-sponsored, school-approved, or school-related activities.

Possession of such items will be grounds for disciplinary action, including suspension or expulsion and will be reported to local law enforcement authorities (**IA Code, Chapter 232-1991**)

The Board believes that such illegal, unauthorized, or contraband materials cause material and substantial disruption to the school environment or present a threat to the health and safety of students, employees or visitors on the school district premises or property within the jurisdiction of the school district.

It shall be the responsibility of the superintendent, in conjunction with the principal, to develop administrative regulations regarding the policy.

STANDARD OF PROOF

Admission by the student of the offense, conviction in a court of law, or evidence presented by a reliable source including a coach, administrator, faculty member police officer, or other responsible person of a nature which the coach and/or committee may reasonably conclude by a

preponderance of the evidence presented that the student committed the offense shall be sufficient to warrant disciplining the student.

STUDENT CONDUCT AT EXTRACURRICULAR ACTIVITIES

Students are expected to act appropriately when in attendance at extracurricular activities. Courtesy and respect shall be shown to the visiting guests, the opposing players and their coach, and the officials. Failure to follow these guidelines may result in the offending students being expelled from the contest and loss of the privilege of attending further contests for up to one year.

STUDENT DRESS

The students of Iowa Valley have great traditions. One of these traditions is that they dress and groom themselves in a fashion that is complementary to the school and not distracting to other students. Your appearance sends a message to those around you, including any guests that may be visiting our school. Personal appearance should not disrupt the educational process, violate federal, state or local laws, or affect the welfare and safety of other students. Specific dress rules include:

- Clothing should be clean.
- Inappropriate attire for school includes, but is not limited to, items that display drugs, alcohol or tobacco, is considered harmful or involves accessories that are considered disruptive to the educational process, sexual or obscene, promotes violence or racism.
- Students must be covered from shoulders to near mid-thigh. All visible shirts, blouses or overly tight clothing such as midriff-baring tops, tube tops, halter tops, see-through clothing, spaghetti straps, short-shorts or skirts, exposed undergarments, cleavage, or back side. Tears in clothing exposing skin will be allowed at mid thigh or below.
- Caps or headgear of any kind will not be permitted in the building upon entering in the morning until 3:17 p.m. on scheduled school days. Exceptions will be made when school wide dress-up days are offered.
- Clothing or accessories that are dangerous or could be used as weapons (eg. chains, studded collars/armbands).
- Halloween costumes, shoes with cleats or roller attached.

The final determination of what is appropriate dress lies with administration; many terms of the dress code do not need such determination and will be handled immediately by staff members. Inappropriately dressed individuals will be asked to change into appropriate clothing or address the necessary problem immediately. If they do not have anything available to them to change into, the student will be sent to the office. The principal will provide an article from the lost and found box or when appropriate the student may be sent home to change, and may receive no credit for missed class period(s). Any student refusing to comply, being disrespectful, belligerent or insubordinate, or found to be a habitual violator will be sent to the administration who will determine appropriate consequences. Any absence from class due to the student's refusal to comply with this policy will be counted as an unexcused absence.

SUSPENSION/EXPULSION (BP 503.1, 503.1 RI, 503.2)

The Board believes inappropriate student conduct causes material and substantial disruption to the school environment, interferes with the rights of others or presents a threat to the health and safety of students, employees, and visitors on school premises.

Student will conduct themselves in a manner fitting to their age level and maturity and with respect and consideration for the rights of others while on IVCSD property or on property within the jurisdiction of the School District; while on school-owned and/or operated school or charter vehicles; while attending or engaged in school activities; and while away from school grounds if the misconduct directly affects the good order, efficient management and welfare of the School District. Consequences for misconduct will be fair and developmentally appropriate in light of the circumstances.

Students who fail to abide by this policy and the administrative regulations supporting it may be disciplined for conduct which disrupts or interferes with the education program; conduct which disrupts the orderly and efficient operation of the School District or school activity; conduct which disrupts the rights of other students to participate in or obtain their education; conduct that is violent or destructive; or conduct which interrupts the maintenance of a disciplines atmosphere. Disciplinary measures include, but are not limited to, removal from the classroom, detention, suspension, probation, and expulsion.

Inappropriate student behaviors include, but are not limited to: open or persistent defiance of authority and/or rules; threatening, striking, or

assaulting any school employee or another student; extortion, vandalism to school property; profanity; theft; possession of a weapon, possess or sale of liquor, tobacco, or narcotics; smoking; failure to abide by corrective discipline measures include, but are not limited to, removal from classroom, retention, suspension, probation, and expulsion.

Students who are suspended and/or considered for expulsion will be given full due process rights. This includes having the charges explained, being given the opportunity to present reasons for the behavior and the right to appeal the decision to the superintendent. Parents are notified in all cases where a serious breach of school rules has occurred.

In cases where student misconduct at school is also a violation of local, state, or federal law, law enforcement personnel will also be notified.

A) In-school Suspension

1. In-school suspension is the temporary isolation of a student from one or more classes while under administrative supervision. In-school suspension may be imposed by the principal for infractions of school rules or "student conduct" which are serious but do not warrant the necessity of removal from school.
2. The principal shall conduct an informal investigation of the allegations against the student prior to imposition of an in-school suspension. Such an investigation shall include, but not be limited to written or oral notice to the student of the allegations against him and an opportunity to respond. In-school suspension shall not be imposed for a longer period than ten (10) school days. Written notice of the in-school suspension and the reasons therefore shall be sent to the student's parents.

B) Out-of-school Suspension

1. Suspension is the removal of a student from the school environment for periods of short duration. Suspension is to be employed when other available school resources are unable to constructively remedy student misconduct.
2. A student may be suspended for up to ten (10) school days by a principal for a commission of gross or repeated infractions of school rules or "student conduct" or when the presence of the student will cause interference with the maintenance of the educational environment or the operation of the school. The principal may suspend such students after conducting an investigation of the charges against the student, and giving the student:
 - Oral or written notice of the allegations against the student,
 - The basis in fact for the charges, and
 - The opportunity to respond to those charges.
3. Notice of the suspension shall be mailed no later than the end of the school day following the suspension, to the student's parents, the superintendent and the board president. A reasonable effort shall be made to notify the student's parents by telephone or personal contact, and such effort shall be documented by the person making or attempting to make the contact. Written notice to the parents shall include the circumstances involving the student which led to the suspension.

C) Suspensions and Special Education Students

Students who have been identified as special education students may be referred for a review of the student's Individual Education Program. The Individual Education Program will be revised to include a continuum of intervention strategies and programming to change the behavior.

*Note: Any student who is serving an in-school or out-of-school suspension **may not** attend any extra curricular activities on that day(s).

D) Student Expulsion

Students shall conduct themselves in accordance with board policy, "Student Conduct." Students who fail to abide by that policy may be expelled from school.

It shall be within the discretion of the superintendent to recommend to the board the expulsion of a student for disciplinary purposes. Only the board may take action to expel a student and to readmit the student. It shall be within the discretion of the board to discipline a student depending on the nature of the offense and the circumstances surrounding the offense. The principal shall keep records of expulsions in addition to the board's records.

When a student is recommended for expulsion by the board, the student shall be provided with:

1. Notice of the reasons for the proposed expulsion;
2. The names of the witnesses and an oral or written report on the fact to which each witness will testify;
3. An opportunity to present a defense against the charges and provide either oral testimony or written affidavits of witnesses on the student's behalf;
4. The right to be represented by counsel;
5. The results and findings of the board in writing open to the student's inspection.

In addition to these procedures, a special education student will be provided with the following procedures:

1. Determine whether the student is actually guilty of the misconduct.
2. A staffing team should determine whether the student's behavior is caused by the student's handicap and whether the conduct is the result of inappropriate placement. Discussions and conclusions of this meeting should be recorded.
3. If the handicapped student's conduct is not caused by the handicap, the student may be expelled or suspended for a long-term period following written notice to the parent and pursuant to the district's expulsion hearing procedures.
4. If the misconduct is caused by the handicap and a change in placement is recommended, the change must be made pursuant to the placement procedures used by the school district. If a change in placement is not recommended, a determination must be made as to how to cope with the student in the future.

STUDY HALL RULES

Students who take advantage of study hall time shall have the right to a quiet learning environment.

1. The study hall is for quiet study time for students.
2. Students are expected to come to study hall with materials needed for the entire period.
3. Students working on group projects may work in designated areas or obtain a written pass from the teacher to go to the Media Center.
4. Permission to speak to another student is given by the study hall teacher.
5. A maximum of two individuals may be excused from the study hall to go to the restroom located nearest their study hall.
6. Students must have a pre-excused pass from a teacher in order to be excused from the study hall to visit another teacher's classroom.
7. Cards, games, video games, cell phones, etc. are not allowed in study halls.
8. Students **MUST** ask and be granted permission to use cell phones and/or headphones by the study hall teacher.
9. Students are not allowed to watch YouTube or other streaming sites that are not directly related to a class assignment.

THREATS OF VIOLENCE

All threats of violence, whether oral, written, or symbolic, against students, employees, visitors, or school facilities are prohibited. All such threats will be promptly investigated. Law enforcement may be contacted. Threats issued and delivered away from school or school activities may be grounds for disciplinary action if the threat impacts the orderly and efficient operation of the school.

Students engaging in threatening behavior will face disciplinary consequences up to and including expulsion. The following factors will be considered in determining the extent to which a student will be disciplined for threatening behavior:

- the student's access to weapons of any kind
- the circumstances surrounding the threat
- the age of the student
- the mental and emotional maturity of the student
- cooperation of the student and his/her parent(s) or guardian(s) in the investigation
- the existence of the student's juvenile or criminal history, the degree of legitimate alarm or concern in the community created by the threat

TOBACCO, ALCOHOL, AND DRUGS (BP 502.7)

Students of the IVCS are prohibited from using, possession, or being under the influence of beer or alcohol, other controlled substance, or "look-alike" substances that appear to be tobacco, beer, alcohol or controlled substances. Such items are not to be possessed anywhere at school district facilities or at school-sponsored, school-approved, or

school-related activities. Possession of such items will be grounds for disciplinary action, including suspension or expulsion and will be reported to local law enforcement authorities.

WEAPONS & FIREARMS POLICY (BP 502.6)

The students, faculty and staff of the IVCSd have the right to attend schools and school activities that are safe. Parents have a right to expect that the schools and the activities to which they send their children are safe. Schools and patrons cannot be safe if a student brings, possesses or uses an instrument as a dangerous weapon. The IVCSd has **zero tolerance** for unauthorized dangerous weapons and firearms possession. Thus, any student who possesses, buys, sells, uses or threatens to use a dangerous weapon, firearms, or look-a-like shall be guilty of misconduct and shall be subject to discipline up to and including expulsion. In addition, any student who illegally possesses, buys, sells, uses or threatens to use a dangerous weapon, firearm or look-a-like off school premises may be subject to disciplinary action where safety considerations are an issue.

School district facilities, school district premises, and school district sponsored activities are not an appropriate place for dangerous weapons, firearms or look-a-likes of any kind. Dangerous weapons, firearms, look-a-likes or any instrument used as a weapon will be taken from student and others who bring them onto the school district property or onto property within the jurisdiction of the IVCSd from students who are within the control of the district.

For purposes of this policy, definitions of firearms and dangerous weapons are as follows:

1. **Firearms:** Students bringing a firearm to school, or knowingly possessing firearms at school shall be expelled for not less than twelve months. Students bringing to school or possessing dangerous weapons, including firearms, will be referred to law enforcement authorities. The superintendent will have the authority to recommend this expulsion requirement be modified for a student on a case-by-base basis. For purposes of this portion of the policy, the term “firearm” includes any weapon which is designed to expel a projectile by the action of an explosive, the frame or receiver of any such weapon, a muffler or silencer for such a weapon, or any explosive, incendiary or poison gas.
2. **Dangerous Weapons:** “A dangerous weapon is any instrument or device designed primarily for use in inflicting death or injury upon a human being or animal, and which is capable of inflicting death upon a human being when used in the manner for which it was designed. Additionally, any instrument or device of any sort whatsoever which is actually used in such a manner as to indicate that the defendant intends to inflict death or injury upon the other, and which, when so used, is capable of inflicting death upon a human being, is a dangerous

weapon. Dangerous weapons include, but are not limited to, any offensive weapon, pistol, revolver, or other firearm, dagger, razor, stiletto, switchblade knife, or knife having a blade exceeding five inches in length.” (**Iowa Code 702.7**).

In addition to the definition set forth above, dangerous weapons or any instrument used as a weapon in the schools, includes any object used to intimidate, coerce, scare or threaten a student, school district employee or visitor. Dangerous weapons therefore include, but are not limited to, clubs, nunchakus, brass knuckles, knives regardless of blade length, butterfly knives, stun guns, BB guns, toy guns used or displayed as real guns and unloaded guns.

The board believes dangerous weapons, firearms and look-a-likes on school district premises, in school district facilities or at school district sponsored functions cause material and substantial disruption to the school environment or present a threat to the health and safety of students, employees and visitors on the school district premises or property or within the jurisdiction of the school district.

Parents or guardians of students found to possess an unauthorized dangerous weapon or firearm, look-a-like or any instrument used as a weapon on school property will be notified of the incident. Confiscation of weapons or firearms will be reported to the police, and the student will be subject to disciplinary action.

Weapons or firearms under the control of law enforcement employees will be exempt from this policy. The principal may authorize other persons to display dangerous weapons or look-alikes for educational purposes. Such a display will also be exempt from this policy.

A student who is suspended or expelled under this policy will have alternative opportunities, as determined by the building principal, for continued school involvement during the suspension or expulsion and for the possibility of reintegration of the student into the school following the suspension or expulsion.

Any document regarding a student’s violation of board policy #502.8 “Search and Seizure” will be placed in the student’s cumulative folder and will remain in the folder as long as the student is in the IVCSd. Students will be given notice of the conduct rules in effect at the school and guidelines of the types of punishment that might result from misconduct relating to this policy. Distribution of information will be made through student handbooks, homeroom, meetings and similar efforts.

All staff members at IVCSd are required to immediately report any reasonable suspicion of a student in possession of a dangerous weapon or firearm to the building administrator.

It is the responsibility of the superintendent, in conjunction with the building principals, to develop administrative regulations regarding this policy.

GENERAL INFORMATION

AUTOMOBILES

Students participating in elementary mentoring, job shadows, classes off campus, internship programs, testing at Kirkwood, etc. may be required to drive to and from locations off school grounds. Parents and students will be required to sign the Iowa Valley Day Student Driving Permission Form giving the student permission to drive off-campus during the school day. Permission forms can be found in the Principal’s and/or Guidance office.

Students who wish to drive and park at Iowa Valley shall comply with the rules and regulations established by the Iowa Valley School District. Failure to comply with this policy or the school district rules shall be the reason for revocation of school driving and parking privileges as well as other disciplinary action including suspension and expulsion. There is a designated area to be used for mopeds and students will be asked to park in that designated area, regular parking lot is for full size vehicles only.

BREAKFAST AND LUNCH

Breakfast begins serving at 8:00 a.m. in the cafeteria for those students who wish to eat at school. No food is allowed outside of the MP room with the exception of food being brought in for class activities. The food shall then be brought to the classroom where the activity will occur at the start of the school day.

Lunch is served in three shifts for the high school students and one shift for the junior high. All students are to report to the lunch room during their designated period. No students are allowed to leave the building during lunch.

Students may choose to bring lunch from home, and the school does permit lunch items to be heated in a microwave. Meal account money may be turned in to the Superintendent’s office before or after school, or paid through PayForIt, which is found on the schools webpage.

BUS TRANSPORTATION PASSENGER DISCIPLINE PROCEDURE

To assist in providing an efficient and safe environment the following procedure has been established for drivers and passengers on the Iowa Valley Community School buses, vans, and suburbans. Passengers are expected to follow the bus rider rules as printed in the Parent Newsletter. However, when difficulties arise, they are usually one of two types.

Passenger to Passenger – When a passenger(s) is experiencing difficulty with another passenger(s), he/she should first discuss the situation with the bus driver. If a satisfactory solution does not result, the passenger, or parent/guardian should contact the building principal. If the situation continues, the superintendent should be notified.

Passenger and Drivers

a) **First Offense** – The bus driver and passenger(s) will confer in an attempt to solve the situation.

b) **Second Offense** – The driver will contact the building principal who will then visit with the passenger(s) and the driver in an attempt to solve the problem. The incident will be recorded and a copy sent to the parent or guardian.

c) **Third Offense** – The driver will again contact the building principal in an attempt to solve the situation. Either the driver or the principal will contact the parent/guardian. (If the principal contacts the parent/guardian, the driver should be present to provide necessary information.) After the conference with the passenger(s) and the call to the parent/guardian, a notice of probation will be sent to the parent/guardian. This notice will indicate the problem(s) involved and state that any subsequent problems will cause suspension of bus riding privileges for the period of time up to two weeks. If the phone contact was attempted but not made, the notice will also indicate that the parent/guardian was not able to be reached by phone. Communication among parents/guardians, bus drivers, and building principals is an essential part of a good, safe transportation system.

d) **Fourth Offense** – The driver will refer the passenger(s) to the building principal. A conference will be held with the passenger(s) and a notice of suspension of bus riding privileges will be sent to the parents/guardians. This period of suspension could last for four weeks.

e) **Fifth Offense** – The driver will again refer the passenger(s) to the building principal. A conference will be held with the passenger(s) and a notice of suspension of bus riding privileges will again be sent to the parents/guardians. This period of suspension could last for the remainder of the year.

* In the event of an emergency or extreme situation, suspension of riding privileges may be given without prior warning. This action will be taken at the discretion of the building principal after conferring with the bus driver, conference with the passenger(s) and notice to the parents/guardians.

** At any step in this procedure the parent/guardian has a right to request an informal meeting or formal hearing with the bus driver and/or building principal. This request should be made to the building principal and will be held prior to any suspension of bus riding privilege.

*** Communication, cooperation, and respect are the ways to an effective and safe transportation system. The drivers, passengers, and parents/guardians are expected to communicate in an open and respectful manner on a regular basis regarding the transportation program. This is essential as initial problems begin to surface. Normally, these efforts will avert any serious difficulties.

CHANGE OF ADDRESS

Any change in address, phone number, guardianship, etc. must be reported to the principal's office and parents will need to go on to PowerSchool and make that change as well, as we are required to report this information to the state in our reporting process.

CLOSINGS & EARLY DISMISSALS

Parents and Guardians are advised that due to weather conditions, it may be necessary to close school on short notice. We realize the decision to close school may put families at a disadvantage when it comes to scheduling for child care and therefore will do our best to make the best decision in considering whether to dismiss or cancel school early. These announcements will be made on WMT-600 AM, KGRN-15401 AM, KHAK-98.1 FM, KDAT-104.5 FM, KRNA-94.1 FM, KZIA-102.9 FM,

KCCK-88.3, KGAN-TV (channel 2), KWWL-TV (channel 7), KCRG-TV (channel 9), our PowerSchool app and Iowa County INS alert, as well as being posted on our schools webpage and Facebook page.

DAILY ANNOUNCEMENTS

Students are responsible for knowing the content of daily announcements. Announcements can be found on the school website for both students and parents. Students wishing to have an item included in the daily announcements must have permission from the building principal. Announcements will also be read over the intercom daily.

FIELD TRIPS

Parent or guardian will need to complete registration through **E-registration on PowerSchool** for approval that their child may attend identified function, and we continue to emphasize that field trips are designed to be an extended educational experience for the student, as well as in-depth study, but that the student will still be responsible for making up any educational opportunities in other classes missed during this time.

FIRE/TORNADO/DISASTER DRILLS

Iowa law requires periodic drills to ensure the safety of individuals occupying a school building or vehicle in the event of a fire, tornado, or other disaster. Procedures for such drills are posted in each classroom and will be explained by teachers. The transportation director will carry out disaster drills for vehicle passengers.

Everyone is expected to treat such drills in a serious manner and to respond appropriately to the required procedures. **IT IS AGAINST THE LAW TO TAMPER WITH FIRE PROTECTION OR ALARM EQUIPMENT. Students who pull the fire alarm or call in false alarms, in addition to being disciplined under the school district's policies, rules and regulations, may be reported to law enforcement officials.**

INSTRUCTIONAL SUPPLY RENTAL

The instructional supply rental policy as set up by the Board of Education is determined by the annual expenditures and, therefore, can possibly change from time to time, depending on the raising or lowering of costs for the books used.

Excessive wear on books will be charged against the student by a fine. All workbooks and lab books remain the property of the school and will be collected when school is out in the spring. These books and supplies represent a very great outlay of money each year, and students should protect them from rough handling.

LEAVING THE BUILDING

While at school, you are the responsibility of the school and it is necessary to know where you are at all times. If for any reason a student needs to leave the building, it is required that his/her absence be approved through the principal's office. Students who are going on errands that will take them from the building must first report to the principal's office, and receive permission from the building administration and their parent or guardian.

LOCKERS (BP 502.8 RI)

Each student is assigned a locker for the school year. Physical education lockers are also assigned along with a lock (at no charge) to protect personal valuables. Students who use their own locks for PE must present an extra key or their combination to their PE teacher and/or coach.

In accordance with IA Code Section 808A.2, lockers are the property of the IVCS. Students shall use the lockers assigned to them. It shall be the responsibility of each student to keep his/her assigned locker clean and undamaged. If any student causes damage to their locker or any other school property, it is their responsibility to pay for it. If something is stolen from a locker, it is not the responsibility of the school.

The IVCS and authorities may, without a search warrant, search a student's locker, student desk, work area, person or automobile when a school official has reasonable suspicion that the contents contain illegal or contraband items or evidence of violation of school rules, policy or state law.

Periodic inspections of all or a random selection of lockers may be conducted by school officials in the presence of the student or another individual. A drug-sniffing animal may be used when conducting a random locker search. Any contraband discovered during such searches will be confiscated by school officials and may be turned over to law enforcement officials.

LOST AND FOUND

If you find lost articles, turn them into the office immediately. Students should make every effort to identify their belongings by identifying them.

If you must bring large sums of money to school, leave it in the office during school.

PARENT/STUDENT CONCERNS

If a parent or student has a concern with a teacher, coach, or situation at school, you are urged to follow this procedure:

1. Encourage your student to advocate for themselves first. If that does not resolve the problem go to step 2.
2. Contact your child's teacher/coach/sponsor to discuss the problem and possible solutions
3. If the concern is not resolved, contact the principal/athletic director for assistance.
4. If the concern is still not resolved, request a meeting with the building principal/athletic director, student, and teacher/coach.
5. If the concern remains unresolved, contact the superintendent for assistance.

PARENT/TEACHER CONFERENCES

Iowa Valley Jr/Sr High School will hold parent-teacher conferences four times a year at the midpoint of each quarter. All meetings will be held in teacher classrooms. Parents of students receiving a grade below a C- will receive an email or phone call from the teacher encouraging them to attend conferences. All parents are invited and encouraged to attend conferences and meet your child's teachers.

PARKING

Any student with a valid driver's license or school permit is allowed to park on school grounds. Students are expected to come directly into the building after parking their vehicles. Students may not move their vehicles from this lot during the school day, nor be in the parking lot during the school day, nor be in the parking lot during the day without permission of the administration. Vehicles that are improperly parked will be moved by the driver by request of a school official. Students who drive recklessly may be subject to consequences from the administration which may include loss of parking privileges and/or detention. Students should report any accidents which occur in the school parking lot.

The interior of a student's automobile on the school premises may be searched if a school official has reasonable suspicion to believe illegal, unauthorized, or contraband items are contained inside.

POSTERS AND SIGNS

Any sign or poster displayed in the school must be approved by the administration. The conference prohibits the use of posters, banners and noisemakers at all games and contests.

SCHOOL DAY

First period of the day starts at 8:20 a.m. and the last period of the day ends at 3:17 p.m. Students should remain in the MP room and adjacent hallways before the bell dismisses to 1st period.
