

Soldiers at North Point and Fort McHenry

September 12 & 13, 1814

Source: The Citizen Soldiers, Charles C. Saffell, Baltimore, MD.

Extracts were copied from the original rolls on file in the 3rd auditors office of the War Department. I have taken those names that appear German. This does not count and nor can I know those who are German on their maternal side. So numbers are probably greater than those listed here. If your know your ancestor served and was of German origin, please let me know so that his name may be added.
