Article Info	Abstract
Keywords : <i>Maximum</i> <i>Five keywords</i>	<i>The title 'Abstract' should be written in size 11pt, bold, Title Case letters. Abstract should include purpose, method, and result of the research. Abstract text should be written in size 11pt, 120 words in one paragraph on a separate sheet. The keywords should reflect the concepts contained in the article to facilitate access to the relevant article in the search engines. Title 'keywords' should be written in size 11 pt, bold letters, whereas the keywords are written in italic letters.</i>

INTRODUCTION

The introduction contains a brief and concise research background as intended. There is no theoretical support in this section, but it can be quoted from previous similar studies using an appropriate method (*usingMendeley*)

METHODS

The methods is a research procedure and technique, and among one study and another, the processes and techniques can be different.

RESULTS AND DISCUSSION

This section contains (concise form) data analysis and interpretation of results. Interpretation of results using theories from articles as used. The descriptions is given include theoretical, implicative, and managerial, or practical.

CONCLUSION

The conclusion answers the objective, states concisely the results of the study but not figures or sentences statistical.

REFERENCES

This section is on the next page and contains the cited references. Use the existing reference application (Reference Manager) such as Mendeley, Zotero, RefWorks, Endnote, and others in the Reference scriptwriting and citations. Writing a bibliography format uses IEEE (Institute of Electrical and Electronics Engineers). The duration of the reference publication is a maximum of 10 years backward, with a minimum bibliography of 20 (5 from the International Journal with the Scopus index and 14 from the International and National Journal, 1 from JPENSI)
