

Palmarosa Essential Oil

Imagine coming across the sweet, calming scent of a blooming wild rose. Palmarosa Essential Oil, also known as the "wild rose of India," offers a beautiful floral aroma with refreshing citrus undertones. Native to the regions northeast of Bombay, as well as across the Himalayan Mountains to Nepal and parts of Pakistan, Palmarosa is a wild plant with long, slender stems and delicate flowering tops. The fragrant essence is extracted from its grassy leaves, creating an oil known for a distinct and lasting scent.

Palmarosa Essential Oil is a popular ingredient in cosmetics, perfumes, and soaps due to its remarkable staying power. A member of the Lemongrass family, it's often used in blends to extend the life of more expensive oils, offering a beautiful, cost-effective alternative without sacrificing fragrance quality.

Botanical Name: *Cymbopogon martinii var motia*

Plant Part: Grass

Main Constituents: Geraniol: 75–85%

Origin: India

BENEFITS

Your Everyday Escape: Palmarosa's fresh, floral scent, with subtle hints of citrus and rose, makes it the perfect fragrance for daily wear. A sweet yet sharp aroma adds elegance to your routine while promoting relaxation.

Skin-Soothing Essential: Known for its soothing properties, Palmarosa Essential Oil helps calm and balance the skin, leaving you feeling soft, smooth, and revitalized.

Find Your "Om"-arosa: The calming scent of Palmarosa Essential Oil creates a serene environment, ideal for enhancing your yoga and meditation practices. It's a natural way to set the tone for tranquility.

A Beautiful Blending Oil: Palmarosa blends effortlessly with floral, citrus, and woody oils. Whether creating your own perfume or adding it to a diffuser, its sweet, fresh, and grounding fragrance brings depth and harmony to any blend.

DIRECTIONS AND USES

- **Serenity Suds:** Add approximately 1-2% of Palmarosa Essential Oil to your soap base. This amount will infuse your soap with a delicate floral-citrus aroma, providing a soothing, aromatic experience while cleansing the skin.
- **Silky Smooth Lotions & Creams:** For a nourishing touch, add 0.5-1% of Palmarosa Essential Oil to your cream or lotion. This concentration will help hydrate, soothe, and balance your skin, leaving it soft and lightly fragrant.
- **Irresistible Cosmetics:** Mix 0.5-1% of Palmarosa Essential Oil into your DIY cosmetics for a beautifully fragrant touch that also offers skin-loving benefits.
- **"Calm"arosa Facial Oils:** Add 0.5-1% of Palmarosa Essential Oil to your facial oil blend for a natural glow and soothing properties that nurture your skin.
- **Peace in Your Pocket:** For a portable burst of tranquility, add 1-2% of Palmarosa Essential Oil to a rollerball bottle with carrier oil, and enjoy calm on the go.
- **Freshen Up Spaces:** Add 1-2% of Palmarosa Essential Oil to your homemade cleaning solutions for a naturally fragrant, fresh-cleaning experience that will leave your home smelling delightful.
