

You can find the link to view the calendar online (you may have to have a google login to access it) here:

If you have an Andriod Phone here are the steps:

To sync with Android devices, you will need to use your Google account and have a Google calendar created.

In your Google calendar on a real computer:

1. Under "Other Calendars" click the Add link.
2. Select "Add by URL"
3. Enter the following URL:
<https://calendar.google.com/calendar/ical/enlairparents%40gmail.com/public/basic.ics>
4. Click "Add Calendar"
5. Google will begin to sync your calendar, and it will appear on the screen.
6. Click "Settings"
7. Change the long name of the new calendar to something you will remember such as "En L'air Calendar"
8. Your phone should automatically be set to sync with your Google calendar.
9. On your phone: Click on "Calendar", then bring up the settings for the calendar. Click on Calendar Sync. You should see your google account listed already. Make sure Auto-Sync is checked.

I don't have an android so I couldn't verify these steps. Hopefully they work!
