

Shajara Tayyiba Preschool Program (2, 3 & 4 Years)

Educating, Engaging, and Engendering the Muslim Leaders of Tomorrow

At Shajara Tayyiba, our Preschool programs 2-Year (P2), 3-Year (P3) & 4-Year (P4) support the whole child through a holistic, faith-based approach. Children explore, create, and grow through hands-on activities that develop independence, confidence, and a strong foundation for kindergarten and life.

✨ What Makes Our Preschool Special ✨

Holistic Early Childhood Education:

Our approach supports the mind, body, and spirit of each child—supporting emotional wellness, social connection, and cognitive growth in a warm, caring space.

Islamic Environment:

We teach Islamic manners, level-appropriate surahs, duas, daily adhkar, and habitual sunnahs. Students practice what they learn through daily routines, stories, and prayer.

Strong Academic Foundations:

- ★ **Language & Literacy:** Phonics, CVC word-building, story time, and early writing
- ★ **Math:** Counting, bead work, addition games, number recognition, and quantities
- ★ **Science & Nature:** Learning about mammals, fish, birds, plants, and the natural world
- ★ **Geography:** Introduction to land, water, globes, maps, and our place in the world

Sensorial Development:

We help children refine their senses by exploring textures, shapes, weights, and colors with hands-on materials designed for sensory developments.

Practical Life Skills:

From pouring and buttoning to cleaning and organizing, students build real-life skills that develop independence and focus.

Arabic:

Students are introduced to letters, vocabulary, and basic conversation through songs, stories, games and visuals.
