
CORE CURRICULUM ADOPTION CYCLE

Woodlin School District

Adopted by school board on May 21, 2020

May 21, 2021

Dear Teachers and Parents,

On May 20, 2021, the Woodlin School Board approved this Curriculum Adoption Cycle. The purpose of the cycle is to be more intentional about reviewing, adopting, and implementing rigorous curriculum across all grades. We believe that having this process in place will improve our education.

Although there will be more details sent out from the superintendent and principal's office leading up to each review, there will be a time when the board hears from our accountability committee, administration, and teaching staff "where we are and where we need to be headed" in each content area. Keeping the public and our board informed will be a priority.

If you are reading this document and have questions, please contact school administration. We are looking forward to a rigorous curriculum for years to come.

Respectfully,

Chris Whetzel
Superintendent

Elementary	Review/Adoption	Estimated Implementation
Health	2020-21	2021-22
Math	2020-21	2021-22
Physical Education	2026-27	2027-2028
Reading	2022-23	2024-25
SEL (Social Emotional Learning)	2021-22	2022-23
