

TOS - PLEASE READ!

Here are my TOS (terms of service) for art commissions, please note that I have the right to decline service if I feel unsafe or unsure.

I ONLY USE STRIPE OR KOFI FOR PAYMENT.

1. All artwork commissions made by me are for **personal use** only. If you would like to use my art for commercial use please email me at TheSillyDergen@gmail.com.
2. All of my artworks will have my watermark on them to avoid stealing, no i will not remove the watermark.
3. I own the rights to my art, this means:
 - Putting my art into any AI engine will result in you being blacklisted from all my socials, and all my friends' socials.
 - Please credit me when posting my artwork anywhere!
4. The listed price is the only price i am offering, i will not go higher or lower than the listed price unless the request is more complex than normal.
5. If I feel overloaded with work (including IRL work) then I may decline your work.
6. I will likely finish your commission as soon as possible, but if i have not sent an update within a month of time please remind me!
7. Please provide as many references as possible, otherwise it may not turn out as you hoped.

Payment:

- Please pay the full amount through stripe first, if you feel unsure about paying everything upfront message me and you can pay half through stripe and the other half when i have finished.
- If you need to cancel your commission for whatever reason, please note that due to the way stripe transfers money **you will lose a small percentage of your money**. I am not in control of the way stripe refunds people and will not transfer you the lost money.
- Please be patient with me, if I feel that you are being aggressive or rude, I will only refund 50% of your money due to the complications.

Process

- Please message me at thesillydergen on discord with all the references.
- I will send you the sketch to confirm that it is up to your standards, if it is not then i will change it to your liking. After i have completed the flat colour i will send it to you and then ask for the full payment if you have not already, then i will complete the full render.
- Once the final image is complete I will email it to you **with the watermark**. I will not remove the watermark to prevent stealing or ai usage.

By commissioning me this means that you have read, and agree to the terms of service listed above.
