

TOPIC PROPOSAL TEMPLATE

NAME:
PROGRAM:
GS RESEARCH AGENDA:
TOPIC PROPOSAL 1:

Background:

*Here you can reflect on facts related to the problem to make the reader understand the gravity of the problem. You must also identify the gaps in the existing studies you plan to solve or address in your research. Cite related literature/studies to support your discussion; **not just your observations.***

Anchor/Resolution:

This part discusses how you want to resolve the gaps identified in the research paper. You have to address the identified gaps and how you plan to solve/address them. Cite related literature/studies to support your discussion.

General Problem:

The general problem is a question statement addressing the gaps and anchor/resolution you have discussed.

Specific Questions:

Research Design (for Professional Track Only):
