Under Construction

Lesson Two: Blueprints

The Bible contains God's instructions for our lives.

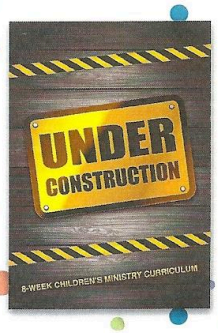

Craft: Noah Builds the Ark

God's blueprint for our lives is the Bible! God gave Noah very detailed instructions to follow when he asked him to build an ark, and Noah followed God's blueprints exactly! You can follow these instructions to make a Noah craft and help him build the ark!

Find the link here for the Noah Builds the Ark directions and printable**!**

Family Page: Make it Stick Here's a page of things you can do at home to make this week's lesson "stick" with your kids!

MAKE IT STICK

5 Simple Ways You Can Make This Lesson Stick With your Kids

Under Construction Lesson 2

THIS WEEK'S LESSON: BLUEPRINTS

IN THE CAR:
Ask your child what they learned about this week on the drive home:
Every construction project has blueprints – detailed plans of how to build and what the finished project should look like. When God told Noah to build the ark, he gave him detailed instructions on how to build it. Noah followed God's blueprint exactly, and Noah and his family were saved. Genesis 6:9-22, Noah Builds the Ark

HANGING OUT:
Make this week's lesson real:
If you have a project this week that includes specific instructions - like making a recipe or building a new piece of furniture - let the kids help. Ask them what things might have gone wrong if you had not followed instructions.

AT DINNER:
Here are some great discussion starters:
- What instructions did God give Noah?
- Why did God save Noah's family?
- How can we find God's instructions for our life?

AT BEDTIME:
Quiz your child on this week's memory verse:
"If the Lord doesn't build a house, the work of the builders is useless." Psalm 127:1a (NIrV)

PARENT TIME:
What you need to know: Is reading the Bible a daily habit of yours? Challenge yourself to read some scripture every day this week. Do it with the kids, if you can. The habits they develop now will serve them for a lifetime!
