

Earth under pressure

Modulplan for 10.trinn

Uke 44-3

Main idea:

Most of us are aware that our world is changing; We are experiencing more extreme weather and people are losing their homes and livelihoods. Oceans are polluted. Animals, too, are affected - the shifts in weather and human activity like deforestation damage and destroy natural habitats. People all around the world are calling on leaders to take action. We need to take a hard look at our own choices. What can you do to make a change?

Objectives:

- to explore and reflect on messages in different types of texts
- to discuss present-day issues
- to express your thoughts, feelings and opinions
- to write texts that describe, explain and investigate
- to find, evaluate and list sources
