CONSENT FORM

CONSENT TO GIVE A SESSION

I hereby consent and authorize a Bodywork session for
_____ with Erin Kammerer Hen, Craniosacral Therapist and
Intuitive Bodyworker.

BioDynamic Craniosacral Therapy involves gentle hands-on work that honors the client's own self-healing process; no medication is given or instruments are used. Thai Massage involves stretching, acupressure point compression, joint rotation, and gentle tissue manipulation. Aquatic Bodywork guides you through a relaxing session in a 93-98 degree pool with flotation support and guided release movement both above and under water (if desired).. I am not a licensed physician, and this session is not intended to replace any other forms of medical, psychotherapy, and/or other treatments.
