Do we have to use our own sick days if we are told to quarantine past the 80 hours we are given for COVID? **Sent to Carolyn**

Is the 80 hours we are given for COVID a one time thing? What if we have to quarantine multiple times? **Sent to Carolyn**

If a student was not kept home and is obviously sick, I am assuming you would like them to be in the nurse's office ASAP? (This would be if they are in the hallway and have obvious symptoms.) **Sent to office**

If your "normal" temperature is < 98.6 (mine averages 97.4) is the "symptom" temp also lower?

For hourly paid staff will they be required to use their own sick days? If a student must be quarantined and the supporting staff must be quarantined will they get reimbursed? We understand that we get 2 weeks paid, but what if it happens again or even multiple times?- Support staff questions. **Sent to Carolyn**

How many positive cases do we have to have before we quarantine the whole building or shut down again? **There is no magic number at this point.**

With us all eating in the cafeteria in close proximity should we wear masks at lunch if they are not eating? **Yes per Sharon**

If you are a teacher in the building and your child or grandchild who you are in close proximity to a lot is sent home and told to quarantine should you also quarantine? What about your class? BUT, IF THE CHILD IS NOT DIAGNOSED, THEN ISN'T THIS A "CONTACT OF A CONTACT" THING AND DOESN'T APPLY? THE ANSWER DIDN'T MAKE SENSE TO ME. I'M TYPING IN ALL CAPS NOT BECAUSE I'M YELLING BUT JUST SO YOU KNOW THAT I JUST ADDED THIS ON. :) :)

If a child in your partner class is confirmed COVID do both classes quarantine? With us playing and eating together they would all be exposed. **Most likely**

If you have a child in the school system (different building) and one or the other is quarantined will you and your child both be quarantined?

If I wake up and have a sore throat and stay home am I required to go to dr. in order to return the next day?

Will you be sending out the symptom chart to teachers so teachers do not overlook a symptom?
