KEYWORDS

Type your keywords here in "Sentence case", alphabetical order, and separated by semicolon (;)

ABSTRACT

Abstract should be written no more than 150 words in Arial font type, size 10pt, single spaced. Abstract should be written in one paragraph which consist of 3 (three) points i.e., objectives, methods, and results. Do not include tables, elaborate equations, or references. Supply some 3–5 keywords, separated with semicolons at the space specifically dedicated for keywords alphabetically, written in small letters but the first letter of proper noun could be written in capital letter.

Note: Use the styles, fonts and point sizes as defined in this template, and do not alter the template.

GRAPHICAL ABSTRACT

Make sure your image is high resolution (at least ~2000 px width at 300 DPI) and clear enough to support your article, and ensure it does not exceed one page of the abstract.

Reference

All references used in this article should be listed in the References section at the end of the article. Reference/reference writing follow the format of Harvard Format APA Style.

In the content section of the article, the reference is written at the end of the sentence corresponding to writing last name and reference year (Lastname, 20XX). If the author consists of 2 (two) persons, then the two last names of the author are written along with the reference year, using the words "and" or "and" according to the language used in the references (Lastname and Lastname, 20XX). If the author is more than two authors, then write et al. behind last author's first name and reference year (last name et al., 20XX)
