Looking for exact words or phrases?

Use the **FIND SHORTCUT!**

PC or Chrome  + **F** Mac  + **F**

This works across most platforms!

websites, documents, PDFs, spreadsheets, and more!

When you click the shortcut keys, a box like this ↑ will pop up in the top right. Type in the word(s) you're searching for and it will show you how many occurrences there are as well as highlight them throughout the document! You can see the website I searched had the word "portfolio" listed 11 times.
