Outdoor Education (Adventure) Level 2

Westland High School

Outdoor Education - Adventure (200OUEDA)

Course description:

This course is a full year course that uses outdoor recreation as the context for learning. In order of our school terms (and West Coast weather) we kayak, tramp, mountaineer then rock climb. No previous experience is required but you will be challenged to try new things in order to find that peak experience. We have one of our school values as a key focus each term and therefore expect students to demonstrate these values in the outdoors and wider school community.
