Mr. Murphy answer student questions:

When return physically to school? Quarter 3 clusters or groups back on campus....UNLESS reversal with increased tourism. Info will go out to families when we know. Another survey will go out to families before decisions made. Mid way through this quarter start to make decisions

Sports? Modified seasons proposed ...first week of Feb for events with practices starting in January. We are currently under a no contact rule....coaches can not organize athletes. Superintendent has ban.

Anything SCC wants brought to students? Perhaps a survey about return to school for students.... Next senate meeting on Monday.

CC any concerns? No.. Mr. Murphy? Sarah Miranda teacher asks Students about ways to pull data from google docs about Instagram and online participation. Students like light surveys...feel good things....looking for what is most popular for student use.

SM maybe students are overloaded with inbox memos like teachers are. Janet Ward: thinking about a "launch pad" so it's a place to come back to. Students have many ideas.

Mr. Murphy...yield the floor to Jeni when waivers come up. Next week is accreditation visit. Back to CC

CC: did everybody have time to look over meeting minutes... Yes... CC any questions, comments, concerns? No. Move and seconded to accept the minutes.

Jeni Miyahira: Cheat Sheet for WASC visit...items to refresh for meetings. Attached.  
New Business: Waivers for 21/22 school year..not having early submission of grades this year because of pandemic bell schedule. Wavers attached...new student orientation day, early submission of grades, early graduation, bell schedule default waiver (a reminder for future)

Mr. Murphy: we are hearing about furloughs coming. Probably 10 days.

We have had the "4 day addendum" ....want as an official default

Furloughs could be for this academic year....might be by December ...surely Jan Feb....9% pay cut. 4 years of 10 days a semester. Waiver days might be used for some of those days.

Day between semesters and "21 hours" also might be used for furloughs.
