

JD For HVAC Technician

Job Title: HVAC Technician

Company: [Company Name]

Location: [City, State]

Job Description:

We are seeking a skilled and experienced HVAC Technician to join our team. As an HVAC Technician, you will be responsible for installing, maintaining, and repairing heating, ventilation, and air conditioning systems for both residential and commercial properties.

Key Responsibilities:

- Installing, maintaining, and repairing HVAC systems for both residential and commercial properties
- Conducting routine inspections and preventative maintenance on HVAC systems
- Troubleshooting and diagnosing HVAC system issues
- Replacing worn or defective parts
- Creating cost estimates for repairs and replacement systems
- Keeping accurate records of repairs and maintenance
- Communicating with customers and other team members to discuss issues and provide updates
- Staying current with industry developments and technologies

Competency Requirements:

- Strong mechanical aptitude and knowledge of HVAC systems
- Strong troubleshooting and diagnostic skills
- Strong attention to detail
- Strong ability to work independently
- Strong ability to follow instructions and protocols
- Strong ability to work well in a team
- Strong communication skills

Qualifications:

- High school diploma or equivalent
- Minimum of 2-3 years of experience as an HVAC Technician

Template Collection

- Strong knowledge of HVAC systems, including installation, maintenance, and repair
- Strong knowledge of industry developments and technologies
- Strong knowledge of safety practices and procedures
- Valid state HVAC license or certification
