1. General

1. By commissioning me you agree to these terms of service.
2. I have the right to alter these terms, any changes made will not affect clients who have agreed to previous terms.
3. I have the right to refuse a commission.

2. Payment

1. Payments are made through buymecoffee (You pay using Paypal)
2. Prices are not negotiable unless otherwise stated.
3. I do not start working until payment has been received for my own security, or at least half of the price.
4. If you decide to cancel the commission **I will not refund !**

3. Work method & Revisions

1. I strive to finish commissions in the same order as they have been requested. However, I may alternate between commissions for creative purposes and a later commission may be finished sooner as a result.
2. With the exception of sketch commissions and speedpaintings, unless otherwise specified by the client, I will always show the finished sketch(es) to my client and wait for approval before I continue to refine and/or color the work.
3. For full color illustrations, I will also send in rough color setups for client approval before I continue to render the illustration.
4. With the exception of sketch commissions, I am always willing to make minor adjustments to the finished piece with no additional charge. There is a limit however and I have the right to stop working when I feel it is reached. I expect my clients to be reasonable in this aspect.

4. Image Rights

1. By default, I retain full rights to my artwork. Full rights entail the right to use, publish, repost and alter the artwork as I wish, as well as selling prints of the artwork.
2. My clients have the right to repost the artwork. They may also use their commissioned image publicly for personal icons and/or banners without my written permission.
3. My clients have the right to print the high resolution version of the artwork for their private use.
4. Full rights to my artwork may be bought for an additional fee, or it may be used for publishing or reselling with a royalty agreement. This will be discussed in private.

5. Deadlines & Updates

1. By default, I aim to complete my commissions within one month.
2. Clients may set a deadline for their commission for an additional fee, depending on the amount of time given and the complexity of the commission. This will be discussed in private.
3. I have the right to prioritize my commissions based on set deadlines.
4. I have the right to refuse a deadline for a commission if it does not agree with my schedule.
5. I strive to keep my clients up to date with their commission status whenever there is an update available or a change is made to the schedule. Please do not ask me for updates more than once a week. If you have not heard from me yet, there is usually nothing to report, although I may update more regularly.

Thank you for your time ♥♥
