Topic for the Session: Leadership Look Within, Look Around, Look Beyond

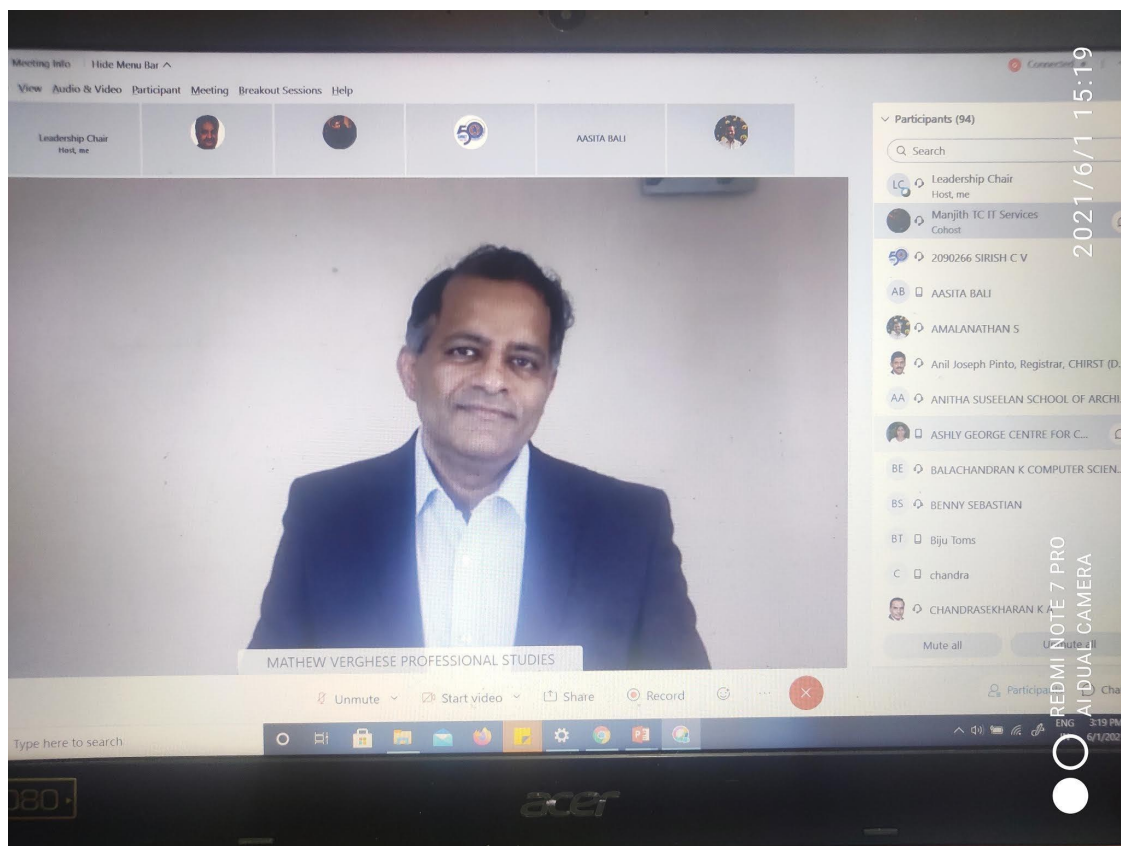

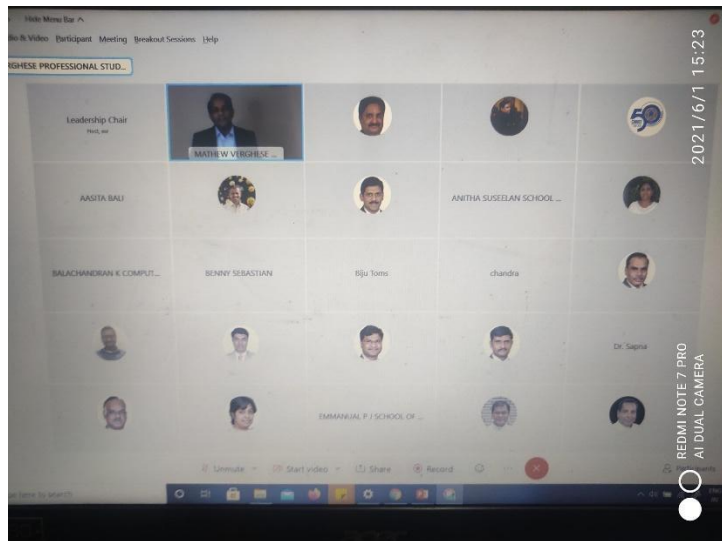

Brief of the Session: T In these tough times, the need of the hour is to have leaders and teachers who can uplift, inspire, and empower the community. Leaders can play that role. Every individual is a leader in their own right. An effective leader is one who understands their innate potential and strives to become the best version of who they were meant to be. They are lifelong learners and they see beyond what meets the eye. Such leaders prompt, inspire, and lead their teams to be more, do more, have more, and give more.
