

Note(s)

- The higher High 7-C's characters like Thriller Bark Usopp and Franky are 2x weaker than Low 7-B's characters due to having to combined their attacks to do damage to them (650 Kilotons)

## **STRAW HAT PIRATES**

- Monkey D. Luffy

Tier: **8-A** | **7-C** | **High 7-C** | **High 7-C**, likely **higher**, **far higher** with Gears | At least **High 7-C**, **Low 7-B** with Gears, **even higher** as Nightmare Luffy | **High 7-C**, **Low 7-B** with Gears

Attack Potency: **Multi-City Block level** (Alongside Zoro, he could casually take out Mr. 5 and Miss Valentine, who could both hurt Usopp, [with one attack](#)) | **Town level** (Fought, matched and overpowered Crocodile) | **Large Town level** (Fought and overpowered Enel, [who could perform this feat](#)) | **Large Town level** ([Blueno stated that Luffy has grown much stronger than when they last fought. Could harm and draw blood from Blueno even through his Tekkai](#)), likely **higher** (He grew stronger since his fight with Blueno to the point that he could fight roughly on par with Rob Lucci), **higher** with Gear 2nd ([One-shot Blueno even with his "top strength" Tekkai](#). Fought and matched Hybrid Rob Lucci on equal grounds, with on some occasions being able to [harm him even through Tekkai](#)), **even higher** with Gear Three (Nearly knocks out Hybrid Rob Lucci even with his Tekkai) | At least **Large Town level** (Stronger than before), **Small City level** with Gear 2nd (Can harm Asgard Moria), **higher** with Gear 3rd (Could destroy a Pacifista that could withstand his Gear 2nd attacks), **even higher** as Nightmare Luffy (Due to having 100 shadows, his strength is vastly superior to Luffy's regular strength. Physically superior to Oars) | **Large Town level+** (Physically stronger than Usopp and Franky. [One-shot](#) Koby, who could draw blood from his Post Enies Lobby self), **Small City level** with Gear 2nd, **higher** with Gear 3rd (One shot Minokoala, one of the Jailer Beast who should be at least comparable to the Minotaurus that could take a strike from Gear 2nd Luffy. [Break](#) Galdino's wax)

Durability: **Multi-City Block level** (Tanked many attacks from Kuro, Buggy, and Arlong. In Whiskey Peak, he took hits from Zoro) | **Town level** (Took hits from Crocodile) | **Large Town level** (Took hits from Enel. Can withstand the force of his own attack as an internal shockwave and stay standing) | **Large Town level**, likely **higher** ([Can withstand the impact of his own attacks](#)), **higher** with Gear 2nd (Took many hits from Hybrid Rob Lucci) | At least **Large Town level** (More durable than before), **Small City level** with Gear 2nd (Comparable to his Attack Power) | At least **Large Town level+** (Comparable to his Attack Power), **Small City level** with Gear 2nd (Comparable to his Attack Power)

- Roronoa Zoro

Tier: **8-A** | **7-C**, **higher** with Goken | **High 7-C**, **higher** with Goken | At least **High 7-C**, **higher** with Goken, **even higher** with Asura | **Low 7-B**, **higher** with Goken, **even higher** with Asura

Attack Potency: **Multi-City Block level** (Alongside Luffy, he could casually take out Mr. 5 and Miss Valentine, who could both hurt Usopp, [with one attack](#)) | **Town level** (Should be comparable to Luffy in strength), **higher** with Goken (Cut through Daz Bonez's steel body and proceed to one-shot him) | **Large Town level** (Capable of fighting against people who can harm him), **higher** with Goken (Cut through Ohm's iron clouds when his regular attacks couldn't and proceed to one-shot him) | At least **Large Town level** (Pressured Base Kaku and roughly fought on par with his Zoan Form, even at some point managed to briefly overwhelmed him), **higher** with Goken (Was implied by Kaku of being capable of cutting through his Tekkai whereas Zoro's previous attacks failed to do), **far higher** with Asura (One-shot Zoan Form Kaku. The databook states that Zoro yields an equally high fighting power as Luffy) | **Small City level** (After obtaining Ryuma's Shusui, he has become much stronger than before. [Pushes a punch from Oars aside with his strength. Oars had stated that he would have been cut pretty badly if he take Zoro's ranged attacks directly](#)), **higher** with Goken (Damaged Bartholomew Kuma while severely weakened [Although the injuries sustained by the latter was nothing beyond a superficial dent]), **even higher** with Asura (Harmed a Pacifista. Should be comparable to Gear Third Luffy)

Durability: **Multi-City Block level** (Comparable to his Attack Power) | **Town level** (Took many hits from Daz Bonez) | **Large Town level** (Electrocuted by Enel and retains consciousness even getting back up soon after) | At least **Large Town level** (Took many hits from Zoan Kaku) | **Small City level** (Comparable to his Attack Power)

- Nami

Tier: **8-A**, **7-C** with Strongest Attacks | **8-A**, **7-C** with Strongest Attacks | **High 7-C** | **Low 7-B**

Attack Potency: **Multi-City Block level** (Alongside Vivi, took out Ms. Valentine, who could harm Usopp, and knocks her back a good distance, despite the fact that she had just made herself weigh 10,000 kg), **Town level** with Strongest Attacks (Could harm Miss Doublefinger) | **Multi-City Block level** (Stronger than before), **Town level** with Strongest Attacks (Stronger than before) | **Large Town level** (Far stronger than before since Usopp [upgraded her Clima Tact to the Perfect Clima Tact](#). Her new arsenal consists of her Strongest Attacks from her last key which has been significantly improved upon. Block a kick from Kalifa and defeat her with two attacks) | **Small City level** (Spears a bolt of lightning through a Pacifista)

Striking Strength: **Multi-City Block Class** | **Multi-City Block Class** | **Large Town Class** (Block a kick from Kalifa) | **Large Town level** (Stronger than before)

Durability: **Multi-City Block level** (Comparable to her Striking Strength) | **Town level** (More durable than before. Endures the black lash of an impact dial, which could hurt Post Alabasta Luffy and Sanji) | **Large Town level** (Took multiple hits from Kalifa) | **Large Town level** (More durable than before)

Key: **Alabasta Saga** | **Skypeia Arc** | **Enies Lobby Arc** | **Thriller Bark to Sabaody Archipelago Arc**

- 
- Usopp

Tier: **8-A** | **8-A** | Likely **High 7-C** | **High 7-C**

Attack Potency: **Multi-City Block level** ([Could physically harm Mr. 4](#)) | **Multi-City Block level** (Stronger than before) | Likely **Large Town level** (Shouldn't be vastly physically weaker than Nami) | **Large Town level+** (Together with Franky, they created a combined attack that harmed Oars)

Durability: **Multi-City Block level** (Can withstood an explosion from Mr. 4 at close range, [which are this powerful](#). Withstood a blow from Mr. 4 and remain conscious) | **Large Town Town level** (Endures the knock back of an impact dial, which is 10x weaker than a Reject Dial that Wyper could endure. Could take a physical beating from the likes of Enel, Luffy and Franky) | **Large Town level** (More durable than before) | **Large Town level+** (Could take a hit from his Firebird attack)

Key: **Alabasta Saga | Skypeia Arc | Enies Lobby Arc | Thriller Bark to Sabaody Archipelago Arc**

- Sanji

Tier: **8-A | 7-C | High 7-C** | At least **High 7-C**, **higher** with Diable Jambe | **High 7-C**, **Low 7-B** with Diable Jambe

Attack Potency: **Multi-City Block level** (Should be comparable to Luffy and Roronoa Zoro) | **Town level** (Narrowly defeated Bon Clay, who could fight roughly on equal par with Mr. 1) | **Large Town level** (Capable of fighting against people who can harm him) | At least **Large Town level** ([His kicks was noted by Zoan Jabra to be strong even when he's using Tekkai](#)), **higher** with Diable Jambe (Broke through Zoan Jabra's Tekkai with single kick and proceeded to two-shot him) | **Large Town level+** (Physically stronger than Usopp and Franky), **Small City level** with Diable Jambe (Could counter and match an attack from Oars. Could harm and burn a Pacifista)

Durability: **Multi-City Block level** (Was able to survive decompression when Kuroobi forced him down through the water in Arlong Park's very deep swimming pool as well as taking head-on attacks like Kuroobi's Fish-Man Karate punches and still managed to defeat him with relatively ease) | **Town level** (Took many attacks from Bon Clay, who is equal to Sanji in physical strength) | **Large Town level** (Remained briefly conscious after Enel's El Thor) | At least **Large Town level** (Was caught off guard and almost beaten to death by Kalifa after being affected by her Devil Fruit powers, but later when he was set free from them, he could still fight against Jabra to the point of even receiving half of the latter's "Gekko Jushigan" just before counter-attacking them with his kicks and even winning the face-off) | **Small City level** (Can withstand the force of his Diable Jambe kicks)

Key: **Beginning of Series | Alabasta Arc | Skypeia Arc | Enies Lobby Arc | Thriller Bark Arc to Sabaody Archipelago Arc**

- Tony Tony Chopper

Tier: **8-A**, **higher** with Stronger Transformations | **8-A**, **High 7-C** with Stronger Transformations | **High 7-C**, **higher** with Stronger Transformations, **even higher** with Monster Point | **High 7-C**, **Low 7-B** with Stronger Transformation, **higher** with Monster Point

Attack Potency: **Multi-City Block level** (Physically stronger than Nami and Usopp in his Heavy Point. Can also punch Drum Island Luffy and Sanji), **higher** with Stronger Transformations ([Chopper implies that Arm Point and Horn Point are stronger than his Heavy Point](#)) | **Multi-City Block level** (Physically stronger than Nami and Usopp in his Heavy Point), **Large Town level** with Arm Point and Horn Point (Harm Gedatsu with Arm Point) | **Large Town level** (Could harm Fukuro in Heavy Point), **higher** with Arm Point and Horn Point (His strikes leave imprints on Kumadori, even when he's using Tekkai, in Arm Point and draw blood), **even higher** with Monster Point (Is considered to be his most powerful transformation. Defeated Kumadori, who was using his Tekkai at the end, with his attacks) | **Large Town level+** (Should be comparable to Franky as together they could disorient Oars with their attacks aimed at a weak point in the jaw), **Small City level** with Stronger Transformation (Could leave a large imprint on Oars' arm with Arm Point. Could stagger, although briefly, a Pacifista with his attack in Arm Point), **higher** with Monster Point (Force Sentomaru to dodge his attacks)

Durability: **Multi-City Block level** (Can withstood explosions from Mr. 4, [which yield this much power](#). More durable than Usopp and Nami), **higher** with Stronger Transformations, **even higher** with Guard Point (It is his most defensive transformation) | **Large Town level** (More durable than Nami and Usopp), **higher** with Stronger Transformations, **even higher** with Guard Point | **Large Town level** (Comparable to his Attack Power), **higher** with Stronger Transformations, **even higher** with Guard Point, **far higher** with Monster Point (Is mostly unfazed by Kalifa's Rankyaku) | **Large Town level+** (Comparable to his Attack Power), **Small City level** with Stronger Transformation, **higher** with Guard Point, **even higher** with Monster Point

Key: **Alabasta Saga** | **Skypeia Arc** | **Enies Lobby Arc** | **Thriller Bark Arc** to **Sabaody Archipelago Arc**

NOTE: The big change is the separation of Chopper's Heavy Point (his go to form/Human Form) from his Arm Point and Horn Point.

---

- Nico Robin

Tier: **7-C**, **higher** with more arms | **High 7-C**, **higher** with more arms | **High 7-C**, up to **Low 7-B** with more arms

Attack Potency: **Town level** (Casually dispatched Pell, who took an explosion of [this magnitude](#), without taking a single hit), **higher** with more arms (The more arms that she duplicates, the stronger her attacks become) | **Large Town level** ([Was grouped together with the Luffy, Sanji and Zoro in strength](#)), **higher** with more arms (Overpowered Yama, who in turn could beat back

Robin in strength) | **Large Town level+** (Can restrain a powerful zombie like Jigoro, albeit briefly, who had Zoro's strength. If it wasn't for Gecko Moria's ability to switch places with his shadow, [she likely would have snapped his back](#)), up to **Small City level** with more arms (With hundred arms, she could restrain powerful characters like Oars)

Lifting Strength: **Class M** (Disarm Alabasta Zoro), **higher** with more arms (The more arms she can sprout, the stronger her lifting strength will be) | **Class G** (Comparable to Luffy, Zoro and Sanji), **higher** with more arms | **Class G** (Stronger than before. Could restrain a powerful zombie like Jigoro, albeit briefly, who possess Zoro's shadow), **higher** with more arms (With hundred arms, she grabbed Oars' arm and performed a Clutch move with it)

Durability: **Town level** (Her duplicate limbs are used in every single one of her attacks, and her real body feels any damage they take) | **Large Town level** (Comparable to her Attack Power) | **Small City level** (Restricted the monstrous Oars without feeling any strain in her arms)

Key: **Alabasta Arc** | **Skyepia Arc** | **Thriller Bark Arc** to **Sabaody Archipelago Arc**

NOTE: The big change is the addition of "higher with more arms".

---

- Franky

Tier: **High 7-C**, **higher** with Coup de Vent | **High 7-C**, **Low 7-B** with Coup de Vent

Attack Potency: **Large Town level** ([Can send Water Seven Luffy flying and trade blows with him](#). Trade blows with Fukuro while he's using Tekkai and notably slightly harm him), **higher** with Coup de Vent (Could send Monster Point Chopper flying. Knocked out Fukuro) | **Large Town level+** (Stronger than before. Together with Usopp, they created a combined attack that harmed Oars. Could injure Oars alongside Chopper, although it was aimed at a weak point in the jaw), **Small City level** with Coup de Vent (Could send a Pacifista flying)

Durability: **Large Town level** (Withstand attacks from Water Seven Luffy) | **Large Town level** (Comparable to his Attack Power)

Key: **Water Seven Arc** | **Thriller Bark Arc** to **Sabaody Archipelago Arc**

NOTE: The big change from the profile is the separation of his regular attacks from Coup de Vent,

---

- Brook

Tier: **High 7-C**

Attack Potency: **Large Town level+** (Despite being weaker than Ryuma, he was able to keep up and clash with the reanimated zombie. Defeated Tarzan, who took [several hits from](#) Franky)

Durability: **Large Town level+** (Comparable to his Attack Power)

---

- Vivi Nefatari

Tier: **8-A**

Attack Potency: **Multi-City Block level** (Alongside Nami, took out Ms. Valentine, who could harm Usopp, and knocks her back a good distance, despite the fact that she had just made herself weigh 10,000 kg)

Durability: **Multi-City Block level** (Comparable to her Attack Power)

## **EAST BLUE CHARACTERS**

- Alvida

Tier: Likely **8-A**

Attack Potency: Likely **Multi-City Block level** (Should be comparable to Buggy in strength and is regarded as a superior by the likes of Cabaji who could harm Roronoa Zoro, although it was done through striking Zoro's wounds at the time)

Durability: Likely **Multi-City Block level** (Comparable to her Attack Power)

---

- Buggy the Clown

Tier: **8-A** | Likely **High 7-C**, **Low 7-B** with Muggy Bomb

Attack Potency: **Multi-City Block level** (Posed a threat to BoS Monkey D. Luffy and could hurt him and Zoro) | Likely **Large Town level+** (Although weaker than Impel Down Base Luffy, he could [inflict damage to the Bluegori that Luffy described as tough](#)), **Small City level** with Muggy Bomb (Does heavy damage to Minotaurus, who tanked a Gear 2nd attack from Luffy)

Durability: **Multi-City Block level** (Is fine after being hit by the Buggy Bomb Explosion twice. Tanked multiple blows from Monkey D. Luffy) | **Small City level** (Gets hit by his own Muggy Ball point blank and continues to fight)

Key: East Blue | Impel Down

---

- Buchi

Tier: Likely **8-A** | **8-A**

Attack Potency: Likely **Multi-City Block level** (Shouldn't be much weaker than Roronoa Zoro as [he considered his attack to be dangerous](#)) | **Multi-City Block level** (Far stronger than his base)

Durability: Likely **Multi-City Block level** (Comparable to his Attack Power) | **Multi-City Block level** (More durable than before)

Key: Base | Hypnotized

---

- Kuro

Tier: **8-A**

Attack Potency: **Multi-City Block level** (Fought and damaged Beginning of Series Luffy)

Speed: **High Hypersonic** (Can react to attacks from Luffy), **far higher** with Speed Boost (Can move fast to the point that characters like [Buchi](#) and [Luffy](#) couldn't see or react to his movements)

Durability: **Multi-City Block level** (Can take many hits from Luffy)

---

- Pearl

Tier: **8-A**

Attack Potency: **Multi-City Block level** (Can draw blood from Beginning of Series Sanji with his attacks)

Durability: **Multi-City Block level** (Can take a hit from Beginning of Series Sanji), **higher** with Shield (Can take multiple of blows from Sanji with little to no damage)

---

- Gin

Tier: **8-A**

Attack Potency: **Multi-City Block level** (With one blow, he could shatter Pearl's shield which could take multiple attacks from Sanji without damage)

Durability: **Multi-City Block level** (Comparable to his Attack Power)

---

- Don Krieg

Tier: **8-A**

Attack Potency: **Multi-City Block level** (Fought and harmed Beginning of Series Luffy)

Durability: **Multi-City Block level** (Take many hits from Beginning of Series Luffy), **higher** with Wootz Steel Armor ([Could withstand many hits from Luffy with little to no damage](#))

---

- Kuroobi

Tier: **8-A, higher** underwater

Attack Potency: **Multi-City Block level** (Harmed East Blue Saga Sanji), **higher** underwater (Fish-Man Karate's potency is doubled under water)

Durability: **Multi-City Block level** (Comparable to his Attack Power)

---

- Hatchan

Tier: **8-A**

Attack Potency: **Multi-City Block level** (Should be comparable in strength to Kuroobi)

Durability: **Multi-City Block level** (Comparable to his Attack Power)

---

- Arlong

Tier: **8-A, higher** with piercing damage, **even higher** underwater

Attack Potency: **Multi-City Block level** (Can match and fight roughly on par with Luffy), **higher** with piercing damage (Can harm characters stronger than him with his teeth and nose), **even higher** underwater (Fishman Karate's potency is double underwater)

Durability: **Multi-City Block level** (Although Luffy unleashed most of his techniques and forced Arlong back, he was mostly unfazed after each attempt and withstood them), **higher** with nose ([Is very proud of his nose and claims his nose is unbreakable. Roronoa Zoro could not cut it](#))

## GRAND LINE

- Laboon

Tier: **8-A**

Attack Potency: **Multi-City Block level** (Fought evenly with Luffy, with the latter declaring their fight a stalemate. Can cause damages to Reverse Mountain by repeatedly ramming its head through it)

Durability: **Multi-City Block level** (Took several punches from Luffy, without noticeable injuries)

## **BAROQUE WORKS AGENTS**

- Gem (Mr. 5)

Tier: **8-A**

Attack Potency: **Multi-City Block level** (Should be comparable to Miss Valentine due to the [male and female agents being stated to be similar in strength](#). Could harm Beginning of Series Luffy with his explosions)

Striking Strength: **Multi-City Block Class** (Can physical harm Luffy when aided with his Devil Fruit)

Durability: **Multi-City Block level** (Comparable to his Attack Power)

---

- Mikita (Miss Valentine)

Tier: **8-A**

Attack Potency: **Multi-City Block level** (Can harm Usopp with her Crescendo Stone)

Striking Strength: **Multi-City Block Class**

Durability: **Multi-City Block level** (Comparable to her Attack Power)

---

- Drophy (Miss Merry Christmas)

Tier: **Unknown** | **8-A**

Attack Potency: **Unknown** (Has never been seen fighting in base) | **Multi-City Block level** (Could harm and draw blood from Usopp)

Durability: **Unknown** | **Multi-City Block level** (Able to survive having her tunnel system blown up by Lasso, [whose explosives yield this much force](#), and remain completely uninjured)

Key: Base | Zoan

---

- Babe (Mr. 4)

Tier: **8-A**

Attack Potency: **Multi-City Block level** (The explosive from Lasso [yields this much power](#). Can harm and knock out Drophy with his metal bat)

Durability: **Multi-City Block level** (Comparable to his Attack Power)

---

- Galdino (Mr. 3)

Tier: **Unknown**, **8-A** with Devil Fruit, **higher** with Candle Champion | **Unknown**, **Low 7-B** with Devil Fruit

Attack Potency: **Unknown** (Has not displayed any physical feats of his own), up to **Multi-City Block level** with Devil Fruit (Harmed Brogy, who is comparable to Dorry that could fight Luffy despite taking serious injuries beforehand, with his wax), **higher** with Candle Champion (Easily knocked aside Beginning of Series Luffy's attack) | **Unknown**, **Small City level** with Devil Fruit (The strength of his wax assisted Base Luffy in harming the Minotaurus and Magellan, both who could withstand strikes from Gear 2nd Luffy)

Striking Strength: **Unknown, Multi-City Block Class** with Candle Champion | **Unknown**

Durability: **Unknown, Multi-City Block level** with Devil Fruit (Beginning of Series Luffy and Zoro [could not damage or cut his wax with their attacks](#)), **higher** with Candle Champion (Could withstand Luffy's attack with little to no damage) | **Unknown, Small City level** with Devil Fruit (His wax can easily withstand the impact of Luffy's attacks and even kept Magellan at bay momentarily)

Key: Alabasta Saga | Impel Down

---

- Bon Clay (Mr. 2)

Tier: **7-C | Low 7-B**

Attack Potency: **Town level** (Comparable to Mr. 1) | **Small City level** (Capable of harming the Minotaur, who in turn could easily withstand a strike from Gear 2nd Luffy)

Durability: **Town level** (Comparable to his Attack Power) | **Small City level** (Comparable to his Attack Power)

Key: Alabasta | Impel Down

---

- Zala (Miss Doublefinger)

Tier: **7-C**

Attack Potency: **Town level** (Should be comparable to Daz Bonez due to the [male and female agents being stated to be similar in strength](#))

Durability: **Town level** (Comparable to her Attack Power)

---

- Daz Bonez (Mr. 1)

Tier: **7-C | Low 7-B**

Attack Potency: **Town level** (Fought and matched Alabasta Roronoa in strength) | **Small City level** (Should be comparable in strength to Bon Clay)

Durability: **Town level** (Tanked a kick from Bon Clay, who is physically comparable to Daz and contented with him), **far higher** against cutting and piercing attacks (Through normal means, Zoro was incapable of even scratching the surface of Daz's skin with his blades despite proving to be physically superior via overpowering his offense and defense during the majority of their fight) | **Small City level** (Comparable to his Attack Power), **far higher** against cutting and piercing attacks (weapons utilized by marine officers could not even scratch him, and he was even capable of stopping an attack from Dracule Mihawk despite later being cut down [though this may be attributed to Mihawk utilizing Haki to bypass his Devil Fruit functions])

Key: Alabasta | Impel Down

---

- Crocodile

Tier: **7-C** | At least **Low 7-B**, likely **High 7-A**

Attack Potency: **Town level** (Should be comparable to Nico Robin due to the [male and female agents being stated to be similar in strength](#)) | At least **Small City level** (One-shot Minozebra, one of the Jailer Beast who should be at least comparable to the Minotaurus that could take a strike from Gear 2nd Luffy), likely **Large Mountain level** (Could contend with high tiers such as Doflamingo off panel for extended periods, however he is never shown harming them)

Durability: **Town level** (He can trade blows with characters who are strong enough to overpower his own attacks) | At least **Small City level**, likely **Large Mountain level** (Comparable to his Attack Power. Took hits from Doflamingo off-panel)

Key: Alabasta | Impel Down

## **SKYPEIA**

- Enel

Tier: **High 7-C, higher** with Amaru

Attack Potency: **Large Town level** ([Performed this feat](#)), **higher** with Amaru (Far stronger than his regular attacks)

Striking Strength: **Large Town Class** (Block attacks from Luffy and Zoro. Stomp on Zoro hard enough to draw blood), **higher** with Amaru

Durability: **Large Town level** (Comparable to his Attack Power), **higher** with Amaru

---

- Shura

Tier: **High 7-C**

Attack Potency: **Large Town level** (Stabbed Wyper)

Durability: **Large Town level** (Comparable to his Attack Power. [Stated that an Impact Dial is not enough to stop him](#))

---

- Gedatsu

Tier: **High 7-C, higher** with Jet Punch

Attack Potency: **Large Town level** (Should be comparable to other priests like Shura), **higher** with Jet Punch (Could harm Guard Point Chopper)

Durability: **Large Town level** (Comparable to his Attack Power)

---

- Ohm

Tier: **High 7-C**

Attack Potency: **Large Town level** (Stronger than any of the other Priests, making him stronger than Shura. Casually defeated Skypiea Tony Tony Chopper with one blow and could injure Skypiea Roronoa Zoro)

Durability: **Large Town level** (Comparable to his Attack Power), **higher** with Iron Clouds (Could block Zoro's attacks with little to no damage)

---

- Wyper

Tier: **High 7-C**

Attack Potency: **Large Town level** (Capable of fighting against people who can harm him)

Durability: **Large Town level** (Comparable to his Attack Power. Could withstand the backlash of the Reject Dial, which is powerful enough to destroy the body of an inexperienced user. Survived multiple lightning attacks from Enel although he was hurt and withstood a Gum-Gum Bazooka from Luffy)

## **CP9 AGENTS**

NOTE: The big change is the “higher with Rankyaku and Shigan” to the agents due to piercing damage

- Kalifa

Tier: **High 7-C**, **higher** with Shigan and Rankyaku

Attack Potency: **Large Town level** (One-shot Peeply Lulu, who could [slightly harm Water Seven Luffy and draw blood from him](#)), **higher** with Shigan and Rankyaku (These attacks harm characters stronger than her. With Rankyaku, she could draw blood from Water Seven Luffy, Enies Lobby Sanji and Monster Point Chopper)

Durability: **Large Town level** (Comparable to her Attack Power), **higher** with Tekkai (Tekkai allows one to be able to withstand their own attack with no damage)

- 
- Fukuro

Tier: **High 7-C, higher** with Shigan and Rankyaku

Attack Potency: **Large Town level** (With a Doriki of 800, he should be vastly stronger than Kalifa, who has a Doriki of 630), **higher** with Shigan and Rankyaku (These attacks harm characters stronger than him. With his Shigan, he could draw blood from a full strength Franky)

Durability: **Large Town level** (Comparable to his Attack Power. Could take many hits from Franky, although Franky was weakened at the time), **higher** with Tekkai (Tekkai allows one to be able to withstand their own attack with no damage)

---

- Kumadori

Tier: **High 7-C, higher** with Shigan or Rankyaku

Attack Potency: **Large Town level** (With a Doriki of 810, he should be vastly stronger than Kalifa, who has a Doriki of 630. Capable of fighting people who could harm him), **higher** with Shigan and Rankyaku (These attacks harm characters stronger than him. Could harm Arm Point Chopper)

Durability: **Large Town level** (Took several hits from Arm Point Chopper), **higher** with Tekkai (Tekkai allows one to be able to withstand their own attack with no damage. Using Tekkai, Heavy Point Chopper hurts himself trying to punch him in the face)

---

- Blueno

Tier: **High 7-C, higher** with Shigan and Rankyaku

Attack Potency: **Large Town level** (With a Doriki of 820, he should be vastly stronger than Kalifa, who has a Doriki of 630. Casually overpowers Tilestone, who could [send Franky flying](#), and knocks him out in one punch), **higher** with Shigan and Rankyaku (These attacks harm characters stronger than him. [Was stated by Lucci that he would have kill Franky with his Shigan if he had not stopped him mid-attack](#))

Durability: **Large Town level** (Comparable to his Attack Power. Block multiple punches from Franky), **higher** with Tekkai (No-sell kicks from Water Seven Luffy and Sanji), **even higher** with Tekkai “Go” ([Allows him to remain standing after taking a hit from Gear 2nd Luffy but he was unable to remain conscious](#))

---

- Jabra

Tier: At least **High 7-C**, **higher** with Zoan Form, **even higher** with Shigan, Rankyaku and Tekkai Kenpo

Attack Potency: At least **Large Town level** (With a Doriki of 2180, he is vastly superior to Kalifa, who has a Doriki of 630 and Blueno, who has a Doriki of 820. [Casually sends Enies Lobby Usopp flying with a punch](#)), **higher** with Zoan Form (Vastly stronger than his human form), **even higher** with Shigan, Rankyaku and Tenkai Kenpo (These attacks harm characters stronger than him. His Tekkai Kenpo allows him to [consistently overpowered](#) Enies Lobby Sanji in [strength](#), who could fight and damaged his Zoan Form)

Durability: At least **Large Town level** (Comparable to his Attack Power), **higher** with Zoan Form (Take many hits from Enies Lobby Sanji), **even higher** with Tekkai (Tekkai allows one to be able to withstand their own attack with no damage)

---

- Kaku

Tier: At least **High 7-C**, **higher** with Zoan Form, **even higher** with Shigan and Rankyaku

Attack Potency: At least **Large Town level** (With a Doriki of 2200, he is vastly superior to Kalifa, who has a Doriki of 630 and Blueno, who has a Doriki of 820. Overwhelmed Roronoa Zoro in Water Seven with casual effort. Could briefly put down Franky with one kick), **higher** with Zoan Form (Vastly stronger than his human form), **even higher** with Shigan and Rankyaku (These attacks harm characters stronger than him. Overpowered Enies Lobby Zoro’s attacks with his Bigan. Matched Zoro’s Shishi Sonson with his Rankyaku. Kaku stated that [Rankyaku: Amane Dachi is his most powerful Rankyaku and thus should be the strongest of out of all attacks](#))

Durability: At least **Large Town level** (Comparable to his Attack Power), **higher** with Zoan Form (Took many hits from Zoro, even when he buff his strength with his Gorilla techniques), **even higher** with Tekkai (Tekkai allows one to be able to withstand their own attack with no damage. In his Zoan Form, he [could even no-sell his own Rankyaku attacks that could harm Enies Lobby Zoro](#))

---

- Rob Lucci

Tier: At least **High 7-C**, **higher** with Zoan Form, **even higher** with Shigan and Rankyaku

Attack Potency: At least **Large Town level** (With a Doriki of 4000, he is vastly superior to Kalifa, who has a Doriki of 630 and Blueno, who has a Doriki of 820. Nearly one-shot Franky with a casual attack), **higher** with Zoan Form (Vastly stronger than his human form), **even higher** with Shigan and Rankyaku (These attacks harm characters stronger than him)

Durability: At least **Large Town level** (Completely unfazed from attacks by Water Seven Luffy. Withstood many attacks from Enies Lobby Luffy), **higher** with Zoan Form (Took numerous attacks from Gear 2nd), **even higher** with Tekkai (Similarly to Kaku, he should be capable of no-selling his own attacks. In his human form, he can no-sell a Strong Hammer from Franky)

## **THRILLER BARK**

- Perona

Tier: **Unknown**, **High 7-C** with Ghost Rap and Toku Hollow

Attack Potency: **Unknown**, **Large Town level+** with Ghost Rap (Harm Thriller Bark Usopp) and Toku Hollow (Was stated to be her strongest attack, it was likely going to kill Usopp)

Striking Strength: **Unknown**

Durability: **Unknown**

---

- Absalom

Tier: **High 7-C**

Attack Potency: **Large Town level+** (Physically restrain Nami with her noting that he is strong. Notably slightly harm Sanji and draw blood from him)

Durability: **Large Town level+** (Took numerous hits from an enraged Sanji)

---

- Ryuma

Tier: **High 7-C**

Attack Potency: **Large Town level+** (Fought and matched Post Enies Lobby Zoro on even ground. Stronger than Brook)

Durability: **Large Town level+** (Comparable to his Attack Power)

---

- Oars

Tier: **Low 7-B**

Attack Potency: **Small City level** (Shouldn't be vastly weaker than Asgard Moria)

Durability: **Small City level** (Comparable to his Attack Power. Took many hits from the Straw Hat Pirates with the exception of Luffy)

---

- Gecko Moria

Tier: **Unknown**, up to **Low 7-B** with Doppelman | **Low 7-B**

Attack Potency: **Unknown** (Has not displayed any physical feats of his own), up to **Small City level** with Doppelman (Can harm and draw blood from Thriller Bark Luffy and Nico Robin. Could also pierce through Little Oars Jr., however he was heavily weakened from Kuma's Ursus Shock at the time) | **Small City level** ([Performed this feat](#))

Striking Strength: **Unknown** | **Small City Class**

Durability: At least **Large Town level** (Can take a kick from Base Luffy) | **Small City level** (Comparable to his Attack Power)

Key: Base | Asgard

---

- Bartholomew Kuma

Tier: At least **Low 7-B**, likely **higher**

Attack Potency: At least **Small City level** (Should be much stronger than the Pacifista that were created in his image. His Ursus Shock, one of his stronger moves, [yielded this much force](#)), likely **higher** (He was one of Monkey D. Dragon's commanders and is potentially comparable to the likes of Sabo)

Durability: At least **Small City level**, likely **higher** (Can take being in the vicinity of his own Ursa shock. None of the Thriller Bark Straw Hats including Sanji and Franky could significantly harm him. Sanji's leg nearly broke from the recoil of kicking Kuma's jaw with Kuma feeling nothing. Roronoa Zoro could barely scratch the machinery on Kuma with his Shishi Sonson, but this still did nothing to Kuma other than catch him by surprise. He was left unscathed after taking attacks from Ivankov, and is more durable than the Pacifista that were created in his image)

## AMAZON LILY

- Boa Sandersonia

Tier: **Unknown** | At least **High 7-C**

Attack Potency: **Unknown** (Has never been seen fighting in base) | At least **Large Town level+** (Vastly superior to Base Luffy)

Durability: **Unknown** | **Small City level** (Gets up after being slammed hard into the ground by Gear 2nd Luffy. Withstood a kick from Gear 2nd Luffy)

Key: Human | Zoan

---

- Boa Marigold

Tier: **Unknown** | At least **High 7-C**

Attack Potency: **Unknown** (Has never been seen fighting in base) | At least **Large Town level+** (Vastly superior to Base Luffy)

Durability: **Unknown** | **Small City level** (Withstood a kick from Gear 2nd Luffy), **higher** with Busoshoku Haki (Casually deflected attacks from Base Luffy. Withstood a Jet Bazooka at point-blank range and reduced the damage enough so she herself was undamaged)

Key: Human | Zoan

---

- Boa Hancock

Tier: At least **Low 7-B**, likely **higher**

Attack Potency: At least **Small City level** (Casually destroyed several Pacifistas and toyed with Sentomaru. Drastically superior to Boa Sandersonia and Marigold, who were both capable of taking hits from Gear 2nd Luffy), likely **higher** (Her strength is acknowledged by the Admirals, but her limitations are undefined. She defeated numerous Marine officials and notable pirates during the war, and did not show any signs of fighting seriously)

Durability: At least **Small City level**, likely **higher** (Comparable to her Attack Power. She was seen unscathed after fighting during the Marineford war despite being present in the heart of the battlefield, where Whitebeard's Commanders and alliance clashed with the Vice Admirals)

# IMPEL DOWN

- Magellan

Tier: **Unknown**

Attack Potency: **Unknown**

Durability: **Small City level** ([Takes a Jet Bazooka from Gear 2nd Luffy to the stomach](#) which [brings him to his knees, but is not enough to stop him](#)), **higher** with Doku Fugu ([Takes a Double Jet Gun without any damage](#)), **even higher** with Venom Demon: Jigoku no Shinpan ([Withstand a kick from Gear 3rd Luffy](#))

# MARINES

- Hina

Tier: **7-C**

Attack Potency: **Town level** (Defeated Bon Clay in a one-on-one battle on two separate occasions)

Lifting Strength: **Class M** with Devil Fruit (Could restrain Bon Clay)

Durability: **Town level** (Comparable to her Attack Power)

- 
- Smoker

Tier: **Low 7-B**

Attack Potency: **Small City level** (Has bested Luffy on several occasions, even during the Marineford War where he was in his Gear 2nd)

Durability: At least **Small City level**, likely **higher** ([Gets up after being kicked by an enraged Boa Hancock](#))

---

- Koby

Tier: Likely **High 7-C**

Attack Potency: Likely **Large Town level** (Although weaker, he could draw blood from Post Enies Lobby Base Luffy with a kick)

Durability: Likely **Large Town level** (Comparable to his Attack Power. Is completely uninjured after a beatdown from Luffy)

---

- Tashigi

Tier: Likely **8-A**

Attack Potency: Likely **Multi-City Block level** (Although weaker, she could clash swords with Beginning of Series Zoro)

Durability: Likely **Multi-City Block level** (Comparable to his Attack Power)

---

- Pacifista

Tier: **Low 7-B**

Attack Potency: **Small City level** (Each of these Pacifista are capable of trading blows with Gear 2nd Luffy. Groups of Pacifistas were capable of overpowering Gekko Moriah)

Durability: **Small City level** (Despite Robin and Nami severely damaging PX-4's circuitry with lightning, and having it blast a laser inside of its own body, it could tank attacks from all of the Straw Hats, including Post Thriller Bark Zoro, Sanji, and Luffy)

- 
- Sentomaru

Tier: **High 7-C**, like **Low 7-B**

Attack Potency: **Large Town level+** (Easily beat back Post Thriller Bark Base Luffy with no trouble, even going as far to say he doesn't need his weapon. Although at the point of time, Luffy was exhausted from his fight with a Pacifista), likely **Small City level** (He should be stronger than the Pacifista)

Durability: **Large Town level+**, likely **Small City level** (Comparable to his Attack Power), **higher** with Busoshoku Haki (Can casually deflect Luffy's Gatling)

## **REVOLUTIONARY ARMY**

- Emporio Ivankov

Tier: At least **Low 7-B**, likely **higher**

Attack Potency: At least **Small City level** (With a single kick, he could knock away Bartholomew Kuma without any strain on his leg. Upon encountering Crocodile in Impel Down, he mentioned that he [could defeat the former Shichibuaki if necessary](#). [Easily defeated Post Thriller Bark Sanji](#)), likely **higher** (He was one of Monkey D. Dragon's commanders and is potentially comparable to the likes of Sabo)

Speed: **Relativistic+** ([Could move to avoid Kuma's beam at this speed](#)), **higher** with Death Wink ([Can launch his attack at this speed](#))

Durability: At least **Small City level**, likely **higher** (Comparable to his Attacking Power)

## **OTHERS**

- Little Oars Jr.

Tier: **Low 7-B**

Attack Potency: **Small City level** (Should be capable of fighting against people who can harm him. Casually stomped several Vice Admirals, who should be comparable to the likes of Pre-Timeskip Smoker at the time, in a physical contest)

Durability: **Small City level** (Easily blocked attacks of several Vice-Admirals and [could withstand Bartholomew Kuma's Ursus Shock at point-blank](#) before pressing onwards. He was however weakened to the point of passing out shortly after)
