COVID-19 Testing Policy

The organizing committee is dedicated to provide the best possible conference experience for all attendees. We are asking that all attendees take a **rapid home COVID-19 test** on the **morning of the event** to protect the health and safety of all involved. If the morning off is not feasible, please ensure this is as close to the event time as possible. If you cannot perform a test in time for the event, please contact the **organizers** and we can see about providing some tests for you. Tests can also be purchased at the Duane Reade (425 Main St, New York, NY 10044) on Roosevelt Island.

If you recently recovered from COVID-19, you generally should not get retested for COVID-19 for three months after your symptoms began, if you had no symptoms, from the date you were tested, unless you develop new symptoms.
