Terms and Conditions

Whenever you use a voucher, you'll need to read its separate terms and conditions. Each one, even on the same website, might have different T&Cs. You could use a 1xBet promo code today and find that tomorrow there is a different one with different terms and conditions. Yet, there are some common elements to these, which we'll detail now.

Firstly, every coupon will be for a specific deal. If you use a code for the casino games, you won't be able to use the funds in the sportsbook, for example. Also, unless otherwise stated, you'll only be able to use them each once.

When a coupon is in play, what you can do will be affected. For example, there might be restrictions on which games are available for casino free spins or you might only be able to place a bet up to a certain amount.

Finally, these do expire-both active ones and advertised ones. If you see a deal you like the look of, don't waste the opportunity to use it as these change frequently. If you have activated a voucher, you'll also have a limited amount of time to use the bonus funds before they expire.
