

How to Join a Schoology Group or Course

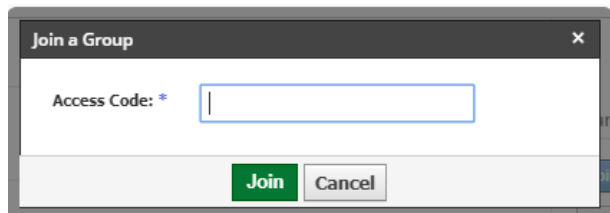

1. Login to Schoology. At the top of the page, there is a tab titled “Groups.” Click on it, then select “My Groups” in the right corner. If you are trying to join a course, you would click the “courses” tab on the left.

2. Once you are in the “My Groups” page, select “Join Group” on the right hand side of the screen (same for courses, just click “my courses” instead):

3. Enter the Group (or course) Access Code provided for the Group you are trying to join.

****Note - some clubs (if noted on the Activities List) have a Schoology Course, not a group. If you follow this same process but select “Courses” at the top of the page, you should be able to access the club course.
