General Education Program Curriculum

Lindsey Wilson University's general education curriculum provides a foundation for lifelong development of intellectual, social, and spiritual qualities traditionally associated with liberally educated persons and necessary for success in 21st century workplaces.

Program Goals

The liberal arts – communication, mathematics and sciences, behavioral and social sciences, arts and humanities – are central to Lindsey Wilson University's mission of serving students' educational needs. In order to accomplish this aim, Lindsey Wilson is committed to the following outcomes.

1. **Communicate Effectively:** Students will demonstrate the ability to formulate clear written and oral arguments, speak articulately, and correspond with others using appropriate means.
2. **Critical Thinking:** Students will exhibit the skills necessary to evaluate information by accessing and collecting pertinent facts, recognizing appropriate hypotheses, identifying relationships, applying scientific principles, evaluating claims, and solving problems by employing suitable strategies.
3. **Cultural Literacy:** Students will acquire the capacity for self-evaluation, demonstrate an awareness of global perspectives and diversity, recognize the values and beliefs of multiple societies, and exhibit a familiarity of the arts.
4. **Breadth and Depth of Knowledge:** Students will have the ability to integrate a wide range of knowledge across multiple academic disciplines and will be prepared for career success with the appropriate skills to grow intellectually through the comprehensive study of an academic discipline.
 - Completion of the three key areas (1-3 above) in the general education curriculum
 - Completion of a major
