

YOU LP 2021 BELARUS

ABOUT THE PROGRAMME:

To recover and prosper, Belarus will require a forward-looking strategy for economic competitiveness and innovation, social inclusiveness, the jobs and industries of the future, a strategy for gender equality, respect for human rights and freedoms, a vibrant civil society and a balanced foreign policy.

YOU LP 2021 will focus on nurturing new visionary young leaders by creating a safe space for true dialogue as well as providing the tools and support they need to unleash innovative ideas and develop their vision for the future of Belarus.

In addition to online lectures and interactive workshops, the programme places a strong focus on developing the soft skills all aspiring leaders require as well as using exciting group work to stimulate creative thinking and ideation.

For the final project, and drawing upon the knowledge accumulated from the series of lectures and workshops with renown Belarusian and international experts, the participants will allow themselves to dream big about the future Belarus they want to live in and prosper, contemplating the “progressive” agenda and resources they need to cope and succeed.
