

HSL Men's Night August 19th

Scramble switcheroo 18-holes

Cost \$25 members, \$60 non-members

Includes ace pot, meal

Take a picture of this sheet in case you are confused on the course

- 4-man scramble. All players begin off the white tees.
- When you make birdie or better move back a tee, if you are already on the blue tees stay there until you make par or worse and then you move back up to the whites.
- If you make par or worse, you move forward a tee to the reds and stay there until you make birdie or better
- everyone can place their ball within a club length for their shot (no closer to the hole)
- You cannot place your ball from one medium to another, however. I.e. if you are in the rough it has to be placed in the rough, if you are in the sand, it must be placed in the sand etc.
- All players must use 3 tee shots minimum
- In summary, you move up a tee if you don't make birdie or better and you move back a tee if you do make birdie or better.

We will only be using red, white and blues. If a hole has a green tee separate from the whites or reds, ignore it.
