*All classes should have their hair pulled back away from their face.

(We want to see their faces when performing and not have it be a distraction with having to fix it or fuss with it.)

* Please have your child in the appropriate footwear. Bare feet are best for most classes!
(Tap, Breaking, and Hip Hop should have appropriate footwear or bare feet. Wearing just socks is too slippery and could cause injury. Thanks for your attention!)

Please make sure your dancer is here at their arrival time! They will stash their outdoor gear in the big dressing room and enter the studio to do a warm-up. It can be overwhelming to arrive late to a warm-up already happening. The audience will remain in the lobby or in our small parking area right outside our door (we will have a tent set up and bake sale going!)
