

## Clinical Experience

- ☐ Individual contracts are in effect with each affiliated clinical agency and these contracts may differ in requirements made of students. Clinical agencies reserve the right to dismiss a student from their agency at any time with due cause. This will be done with advance notice except in emergencies.
- ☐ Proper uniform must be worn. Students must adhere to published clinical facility policies.
- ☐ The College recommends that all students carry accident insurance and personal health insurance due to inherent risk of exposure to disease. The College/Clinical agency does not assume responsibility for accidents/incidents requiring medical attention. All registered students taking three or more credit hours are eligible to enroll in the VCCS Health Insurance Plan. Information on rates and coverage are available in the Student Developmental Office.
- ☐ Students are responsible for their own transportation to off-campus facilities on time for clinical experience.
