Into an app building "ALIEN AI".

That makes \$400 per day...

\$55 per hour...

Even \$2,200 per day...

When you TURN the “normal” GPT into a NEW AI model.

A NEW version of Chat-GPT that builds apps - that pay you 100%

But don't believe me. It's already made 100k in 2024!

See the proof and case studies, for yourself:

==>

Why?

Because...

Unlike “standard” Chat-GPT...

Which is great for writing articles, copy, etc..

THIS striking money-making AI Alien...

ONLY does one thing - it builds APPS.

Real SELF-HOSTED, cloud-based, username-password software apps.

The type of apps YOU buy everyday on Warrior, ClickBank, etc..

In fact you've probably already PAID for apps that THIS tool built.

But now, you can be on the other side - getting 100% from apps an AI built for you.

LOOK! It made 100k this year:

==>

In fact the EXACT TECH has generated over \$130k in 2024.

All YOU need to do is plug into the AI and start banking.

See the INSANE proof from THIS MONTH here:

==>

YES. This is THE most profitable use case of Chat-GPT I've ever heard of.

And yes, you can use it to build your own AI-powered apps.

Without needing to understand...

How to hire a developer or design a tool..

Without needing to pay \$100/hour for a software engineer...

Without ANY of the hardcore tech stuff needed to make this happen.

All you need to do is login and build your first \$1k app.

Curious?

Hit this link:

==>

LOOK. With the AI.. and THIS new tactic...

Making commissions in 2024 is as DONE FOR YOU as it gets.

Simply LOAD the ALIEN AI app from your browser...

And watch as it starts to build you cloud-based software.

Seriously, this is THE holy grail.

A NEW money-making method...

That turns you into an AI tech mogul, yet..

That requires no tech-skills whatsoever.

In fact, all you need to follow the blueprint...

Click less than a dozen buttons to make your app...

Give it a name and choose a subdomain (its all hosted by the way)...

Then launch apps that make \$100 to \$100,000.. In a matter of seconds...

From scratch, right from your browser

Go here NOW:

==>

It's NEW for April 2024. No-one else knows about this.

This is a BRAND NEW "AI use case" that NO-ONE knows about...

It's completely UNTAPPED and new...

And even though it's a few weeks old...

It's already PROVEN - and ready for you to try!

==>

This is 100% DONE FOR YOU online app-building.

No other tools needed. Every app you build is AI powered..

It's as push-button simple for you as possible to enter the 21st century.

That's why THIS... is the world's first COPY AND PASTE AI app builder.

Even if you're brand new, don't have a list...

Don't have a product to sell...

And even if you don't have a website...

You don't need one because...

The AI will do it for you - AUTOMATICALLY - IF you can type a few words...

Then you can start building AI apps that make AI-BANK - this summer 2024.

So what are you waiting for?

Click below to get started.

==>

PS. Do it now, the price jumps IN THE NEXT FEW MINUTES.

And then again.. and AGAIN.. EVERY hour after that!

==>

## **EMAIL #2: AI App-Builder = \$1,000 Commissions**

NAME, "Tell" THIS to Chat-GPT... For \$440 Days

NAME? \$440 Days... With "Weird" Warrior #1.. CLONER?

NAME, Can You Copy-Paste? Then You're A \$1,000/Hour Software Engineer!!

NAME,

You're just one "copy-and-paste"...

From being a \$1,000/hour software engineer - with Chat-GPT.

That way you can make APPS like a Silicon valley nerd...

While getting paid like a Wall Street banker!

It's all because of a weird "app-building" AI this guy just released.

See the DEMO here:

==>

See, I already knew that this guy Chris made \$100K so far this year.

And I knew he made that money selling apps.

But... Chris is an expert builder of tools.

So.. I just assumed he hired a \$10k developer.

But.. actually Chris has been harboring a SECRET.

It turns out he no longer hires developers.

Instead, he uses a CUSTOM Chat-Gpt “App Builder”.

A NEW “AI ALIEN TECH” that BUILDS his apps for him!

It's bizarre and actually very simple:

1. Enter the name of your app
2. Enter a few settings
3. Deploy your app (no hosting required).

I wouldn't have believed it myself, but...

On THIS page Chris shows REAL proof of FOUR apps he built this way.

==>

And get this.. They made him over \$100k!

So.. want to join him? Then good news...

All you need to do, is open the software..

Either choose one of the pre-made app templates...

Or build your own UNIQUE, 100% CUSTOM AND NEW APP - from scratch.

Click ONCE to run the CUSTOM app-building AI...

And your brand new cloud-based app is complete!

Then, you could be making commissions, every day of 2024!

Just like the ClickBank super affiliate who built this...

He's been making HUNDREDS OF THOUSANDS with this in 2024.

See how he did it, with this method here:

==>

Today this new app opens to the public...

So YOU can do this from your browser...

Without writing a single thing, or needing any techie skills whatsoever!

All you need is the AI.. the desire to become an AI software owner...

And this very strange new "Done For You" addon for Chat-GPT

(that way you can run your OWN custom commission-getting AI model in your browser)

So... are you in?

OK, great...

Click here now

But do it RIGHT NOW, as the price increases in the next minutes (and every hour after that)

## **EMAIL #3 - \$100k Alien AI App REFUSES Prompts**

Done For You ALIEN A.I Profits For NAME  
\$400/Days? This AI ALIEN Does It ALL For You!  
24/7 x \$40 Hours With Chat-GPT? [PROOF INSIDE!]

NAME,

You might have heard how Chat-GPT can...

Write articles, research topics, make sales letters.

But did you know there's a secret HACK...

That makes it FORGET all those useless skills.

And instead PROGRAM it to ONLY focus on ONE thing?

And it's THE most profitable thing it could EVER do!

So... when you ask it to write a poem.. It REFUSES.

Beg it to do the kids' homework?. It DECLINES.

Request a useless article?? It doesn't even UNDERSTAND the prompt!

In fact.. ALL this "CUSTOM CHAT-GPT" can do is MAKE APPS.

Not sure what an AI app looks like? Well, it's already made this guy \$100k in 2024!

Get your own and learn more here:

==>

But yeah.. this Chat-gpt tech is strange:

It can't even "do" ANY other type of AI.. it ONLY builds apps that pay you profits!

That's because it's been pre-programmed by one of the top marketers..

A ClickBank platinum affiliate who has built over 100 tools..

And also happens to be an AI MEGA-NERD.

He programmed this bad-boy up for his own PERSONAL use

He made \$130k doing THIS in 2024 - and now he's inviting you to copy him!

He's literally handing you his ONE-HUNDRED, THIRTY THOUSAND app-builder.

And all it does is make you apps that you can sell, use as bonuses or lead magnets..

It's an AI that's laser-focused on the MONEY.

It knows of nothing else. Only building apps that pay you 100%. It has NO other utility.

Conclusion? This AI alien money model turns GPT into a \$55/hour CASH ATM!

It's true, see the demo here:

==>

The goal is to become a product owner.

The key is to sell software and bank 100%.

The angle is to do it all with Chat-GPT AI.

And the trick is to do it with this word new “Alien-AI” app builder.

Hey.. if it sounds complex, well it was for Chris!

Here’s a guy... with over 100 software tools under his belt.

A ClickBank platinum affiliate who sold over \$20 million of digital products.

And a NERD who lives and breathes generative-AI.

See, he built this app-building tech for HIMSELF. But now...

He’s letting you plug into this new and proven profit-pump.

For him? This was all laborious, icky and time consuming.

But for YOU? You only need to do it ONCE... and then you get a CUSTOM AI App!

And how much do these apps make? Go, see for yourself!

==>

If you know Chat-GPT is powerful..

But sometimes feel like a monkey with a pocket calculator...

And you’re looking for someone to show you a practical, profitable use case..

Then you should seriously consider BUILDING APPS with AI.

It’s THE most profitable business model on the planet.

And now you can do it yourself - 100% with AI!

Simply run the app ONCE.. to make apps - and unlock the BIG profits with AI.

It's time to throw your old "systems" in the toilet - and flush down hard.

Instead, just let the AI take control like a top marketer, while you use GPT to...

Build apps, build your list, get you traffic, get buyers, make sales & bank commissions.

You just need to know the "URL" where this alien AI resides.

Don't worry. I found it for you. Here:

==>

I've been in selling MY OWN software.. for eons now!

But THIS? THIS!?

This really is THE most done for you "product building trickery" I've ever come across.

It needs to be seen to be believed, so...

Click here to start believing:

## **EMAIL #4: Big Tech "Custom GPT Model" = \$\$**

NAME - "Big Tech" Software Builder = \$130k Sales In 2024  
Copy Elon Musk.... Paste Bill Gates + Chat-GPT Pays NAME  
NAME - If Steve Jobs Was Your Personal Chat-Bot

NAME, Paste YOUR Dreams HIS AI Bot = \$2,495/Day

NAME,

Do you want to know the fastest way to make \$495 per day...

While following the blueprint of Facebook, Microsoft & Google?

It's simple...

By COPYING their #1 secret.

Sell web-based software apps!

These guys make BILLIONS with apps people can run in their browser!

Of course, there's a problem:

These guys also have \$ billions to hire software developers.

So.. what if you don't have your own army of software engineers?

That's easy! Just get CHAT-GPT to build the apps FOR YOU.

That's what this guy did these last few weeks - and it made him \$130k!

And YES, this method is making money TODAY...

Just check out the insane PROOF:

=> XXX

OK, this is going to sound insane but...

This guy Chris is making \$100 to \$2,200 every time he runs his AI app.

He actually uses this app to BUILD other apps that he sells.

Sometimes he sells them and gets \$10 to \$100 cash in his hand.

Sometimes he uses these apps as bonuses and makes \$100 commissions as an affiliate.

Sometimes he just spends a few minutes building these apps for his own fun.

But now.. This same APP-BUILDING AI tech is at YOUR disposal:

==>

Now he's got the app to DUPLICATE his entire software-selling business.

"Old Chris" used to make \$2k a day doing this.

He was rich.. Clever.. And I didn't envy him one bit.

That's because he was basically sitting in a dark room, running AI commands, 24/7.

It was a lonely sad existence.. BUT now Chris got AI to build the apps FOR HIM!

And now he's making over \$130k doing it - that's over \$3k a day!

See the LIVE DEMO video halfway down this page:

==>

But here's the thing.. Chris knows you don't want to "nerd out" over the AI.

You just want someone to do all the hard stuff.. then hand you the results on a silver platter.

That's why he just released his "AI UPLOADER" today.

This is a cloud-based app.. That BUILDS other apps.

Apps you can sell. Apps that pay you 100%.

Apps you can use as bonuses or lead magnets.

These apps run in your browser, with secure username & password...

They look EXACTLY like apps a \$4,000 developer would make for you...

But the difference here is that Chris now uses Chat-GPT to build them...

It's how he's averaged \$3k/day so far in 2024. And now you can copy him!

==>

Seriously...

This software DOES ALL the techie stuff.

And this isn't even talking about the resell rights, commercial rights, licenses, prompts, templates, packs and bonuses Chris has stacked into this money monster.

If this is starting to sound insane, you haven't even seen the results Chris is getting with it.

So what are you waiting for? See how it works, here:

==> XXX

P.S. Can you copy and paste?

And, do you want a completely done for you AI profits?

If so, then hit this link...

==>

But do it RIGHT NOW, as the price increases in the next minutes (and every hour after that)

But NO-ONE's profiting with it!

Well, it's true, but NOT when it comes to one guy.

Luckily, there's this AI "techie-nerd" Chris...

= = >

Truth is, if you're making \$400/day with GPT, you can discard this email.

If you're running "chain-prompts" that make \$200 in minutes... delete.

If you've worked out how to make \$4 per CLICK with AI... skip it.

If you're building \$100k apps by "cajoling" the language model, sorry for wasting your time. Go back to counting those Benjis.

BUT.. if you haven't then keep reading.

Because, for the first time ever, you can use the SAME "AI Alien App-Builder" tech as the world's FIRST marketer who mastered the art of "whispering" to AI.

In fact, it's the same method OpenAI recommend themselves, as seen with their recent "function" model (this is where AGI will come from).

But NO-ONE knows how to do it!

These EXACT templates make 10,000% more money with AI..

They make Chat-GPT work 1,000% to 5,000% faster...

And they turn it into an AI ATM!

The ULTIMATE AI!

Now you can use these same "AI commands" to make \$1000s in raw commissions...

Best of all, you don't need to write a thing...

You just copy the templates and paste them into the software!

And no... you don't even need a website!

This guy Chris is giving you EVERYTHING in his new DFY, all-in-one AI app:

= = >

But be sure to hit that link now...

This page is closing down soon - FOREVER.

So Chris is only opening this up for a few days.

I will let Chris explain how it works now...

= = >

P.S. In fact, this page explains EVERYTHING!

So, if you want to get an EDGE in the AI wars of 2024...

You want to make money with any niche, idea or website...

Do you want to become a software-making, product-owning BOSS?

Or, you just want to make COMMISSIONS, then check this new technology out now:

= = >

P.P.S. Like I say, Chris is giving away FAR TOO MUCH value here.

This should be a \$997 tool

Actually Chris shouldn't be selling it all! See why here

==>

OK, I've said enough. Now hit this link to see how this weird NEW "AI Alien" tech works...

And how it changes everything for average people who just want money with AI... but don't have the skill to nerd out learning all the techie prompts:

= = >
