

## Unsolved Mysteries: The **Lost** Season

2021, a new phenomenon emerged: a new Kacey Musgraves album. But also, some low budget online drag competition called "Micro's Drag Race". The audience was small, the challenges were...there. As the season came to a close, all evidence of the season was scrubbed from the internet. What was behind this? Not just what...but who? Luckily, a select few people survived, and they're ready to share their stories. Or at least how they remember their stories...accuracy may vary.

*for anonymity reasons, actors have been brought in to portray the following figures*

First up, we'll hear from the lead detective on the case (**Moof**)...

☰ Moof - Unsolved Mysteries - The Lost Season

Next, someone who was there on the day of the finale, the former MDR security guard (**Contessa**)...

☰ MDRAW Episode 5 - Count Contessa Submission

The Lost Season featured a cast of unique competitors. And now, one has returned to reveal all (**Zodya**)...

I remember sneaking on set after all the queens arrived, sniffing each and every conte- OH THIS IS ALL ALLEGED! *looks around* anyways! When I found out the cast, I literally FLOODED MY BASEMENT! I JUST KNEW THIS WAS GOING TO BE GOOD. Like there was Soshi, Anthy, Ebo- OG, Lisbon!! Oh and Nik was there!! & the DRAMA!???? *starts hyperventilating, trying not to say MOTHER* the things that sticks out to me the MOST, are the live snatch game and the fights!! That live snatch game was a hot boo boo mess and EVERYONE knows that.... I NEED A

RECORDING OF IT. *bites finger and smiles* but BITCHHHHH!? Unieke-PANDNIEKE, and the whole cast!!?? Yeah..Have you ever seen a panda rush 9 bitches at the speed of light!? I did NOT know Animal Planet got down like that omg! That furry bitch snatched off Ebony's Wig, chucked it at Nik, dropped kicked him. Turned around and "scadooshed" on OG. Turned and yelled to Ebony, "YOU ARE NOT BLACK BITCH! YOU WILL NEVER BE BLACK!!" I mean did she lie? EBONY? Anywhere! Poor Soshi was just catching strays for no reason because why did Pandieke call her a fat butter ball bitch and farted in her face!? I was GAGGED!!! Not only that, she ran up on the judges panel and started screeching at Micro and spat at her!! After that day, everyone was scared of her and they just pushed her to the crown mama and I got the receipts!!!! This whole time I am just on top of the ceiling , recording EVERYTHING, holding on for dear life bc I was, in fact, the butter ball! Production was out for a month due to the pink eye and sore Micro developed from being spat on.

I mean can we say MOTHERRRRRRRR!? OMG!? I was gagging the house down boots purr yess yess puss puss kitty kat kat \*tongue pop\* and BITCH, do NOT, get me started on the fight for the crown. When I tell you it was a LITERAL FIGHT. I thought to myself "THESE BITCHES ARE DOING ALL OF THIS TO LOVE ON THE BRAIN....YAAAAAAAASSSSSSSSSS!!!!!" Baby , Anthy took those long ass stick legs of hers , and dropped kicked Unieke off the stage, Lisbon lifts up her skirt, runs and jump on Anthy, pussy FIRST. Like how does one even DO THAT!? Unieke gets off the floor, wig off, lashes wonkier than Kennedy Davenports left eye, and starts tap dancing out of no where!??? just a MESS! Meanwhile I'm sitting here JUMPING UP AND DOWN, WITH TEARS STREAMING DOWN MY FACE. Like...THIS IS DRAG. THIS IS WHAT I LIVE FOR!! IF THIS SEASON IS LOST, THEN I DONT WANT TO BE FOUND. ## BREAKING UPDATE

Welcome back to an urgent update to the previous episode of Unsolved Mysteries. Moments before the episode was set to air, a new witness stepped forward. The host of The Lost Season...Micro is here to clear it all up.

*Micro steps into frame and sits in a rickety wooden chair under a harsh spotlight*

The Lost Season was a dark time in my life. I actually was out of light bulbs for awhile, no batteries either. Throughout the season, I became increasingly aware that an external force was coming to target my show and its legacy. Those eight episodes were solid gold. I think it was eight episodes, it may have been four...could've been fourteen. Around Episode Three (or Forty Five), an unwanted visitor began showing up to the studio. All I could see was a shadowy figure gracing the walls. The shadow would go from very small...to scarily large. It changed so rapidly, I felt that this presence wasn't of this planet.

One day (Episode Eight or Seventeen), the figure appeared again. Little did I know, it would be the final time I saw it. I say “it” because I was too scared to ask for the pronouns. When it stepped into the light, I remember my jaw fell. Not in a dental way, but in a very dramatic way like you would see in an Oscar winning film (such as the MDR Holiday Spectacular). The sunken in cheeks that reverted to being pleasantly plump in no time. The bang was so bad...my god it was so bad. She tried to open her mouth and sing a little, I told the bitch to shut up. “Shut your mouth”. That’s what I said, just

like that. Who was she? It's she now by the way, I decided that. Kelly Suzette Clarkson. Of course it would be her, why wouldn't it be? She stalked the studio every day. By Episode Two (or Seventy Five), she had been there at least one time. It was so scary, you just had to be there.

Ever since the season ended, I was so worried that she would come by again and try to kill me, or sing to me...I don't know which would be worse. I was stricken with fear of what she might do. When the time came to reboot MDR, I knew there was one final chain that needed to be broken before continuing on. I grabbed my Diet Coke, and I sipped. Oh lord how I sipped. I scrolled onto the internet and knew what I needed to do. "Delete Post". I didn't want to click it, but I knew I had to. So I did. As soon as I clicked the button, I told myself "What doesn't kill you makes you stronger". Damn it, it was stuck in my head. I knew it would take awhile for Kel Kel to fade out of my life, but all things take time. Years later, it's still all I wish for. Kelly, please leave me alone. You scare me. You terrify me. I'm begging you...STOP.

So there it is. Who killed The Lost Season? Me. Micro Elizabeth Dubois. Yes, I did it. And quite frankly, I would do it again. But I didn't do it for me. It was all because of one certain stank bitch...Kelly Eleanor Clarkson.

*FIN*
