

**Fifty white stars
Shining on the land**

**Join together
To shout to the world
Letters U, S and A
The country of freedom**

**Proud to be an American
For the benefits he gets
Not truly realizing
The importance of the place
Not understanding how truly lucky they are**

**Working together
For the good of the country**

**Standing hand in hand
Grand display
Try to make a country proud**

**A sense of duty
Try to serve the place
They were born**

**Trying to escape
From the dark history**

**People lived for their country
Rather than themselves**

**Caught between
These competing views
Where you find me**

**Loving my nation
But not giving
My entire life**

**Wanting to expand
My world views
Rather than defined by
The single border**

**Wanting to travel
Experiencing new world
But always know
I have a place to go**

**I am a proud Korean
With global citizenship**
