DM Ideas:

Clowns are trying to take over the city

There's a conspiracy about the carnival being linked to a city take over

A parting gift is the coin of fragility to crumble the patrons

The Story:

Ol' Prickly Trouser was an informant - He was a baker that spontaneously disintegrated

He reported he found something in the Jungle and the crew decides to go on safari

The Commander gives them \$15 for flights and Per Diem

They immediately go to the bank

They track down Prickly's apartment and head there

It's fairly messy with some detective work around and a pile of dust from where he disintegrated

They find a coin with a needle sticking out and a poor carving of King Pope from the UK

They search through some drawers, Hans hits himself in the nuts, John finds a ticket for the carnival

They meet his neighbor Delilah and she describes some men with large shoes and a driver making a visit to him - it's implied it's probably clowns

They head to Coney Island to the carnival
PT sees the U.K. Princess walking around back - There's 3 tents - They go to the wardrobe and find another coin
The name Grotesque (GRO-TEST-KEY) The Clown catches P.T.'s eye - He opens his locker and finds coins and purple goop - He takes it with him
They enter and Hans put up a 'Shøw in progress' sign - only mildly german
The Princess is standing on the side - PT starts talking to her and she tells him of a plot by the clowns to kill some UK Royals
Just then Grotesque announces free participation coins for everyone
PT pulls out the goop, fills a coin, and attacks Grotesque
Hans distracts the crowd with some mild dancing
John creates a lasso out of his new found never-ending clown handkerchief then hog-ties the clown
Grotesque tells them about the Calamity Clowns and how Prickly Trousers was onto their plot so he killed him with a coin
The Calamity Clowns are an organization of chaos that has no leader - "There will always be another clown in the car"
PT jabs Grotesque with the coin and he disintegrates under him.
They look back to where they entered - all the clowns have escaped, the bag of goop is gone, and the princess is no longer there.

Frozen Mammoth Migration

The Band of Fire moves in and tries to take over

The Story:

They are alerted to low rumbling in the upper west side

They head to the UWS to check it out

Susan sits on the ground to detect the direction

Rent horses to head north to follow the rumblings

After a few hours of driving they see a charging herd of Mammoths made of Ice

They pull off to the side but the cart loses a wheel and Susan rolls into the mammoth herd

She flips upside down and uses the heat from her private parts to melt a leg off one

She then she uses her natural juices to weld it's leg back on, befriends it, Naming him 'Stumpy', and now rides it at half its normal speed

They ride to chase the herd down - They turn around realizing they need to use the 'Suse-magath'

She detects that the chaotic part of the rumble is the herd and the rhythmic part is from the north

They discover a small town with people who have died from burning from the ears

They wrap their ears with their scarves

As they move ahead they discover a band that has set up practice

The heatwaves are erupting from their amps

Susan plugs the ears of Stumpy and rides him into one of the amps - he's injured

PT runs up and punches the singer

After a short dialogue they are attacked with music and discover the amps are lava powered

Hans sneaks around the amp while PT charges the bass player

They time the attack to push the amp over and use the sounds waves to open the ground

The ground fissures - they mount susan as a toboggan and escape

"Strong like an ox, Slippery like a newborn fox"

"At least it was a quick death after a long day of dying"

They head back home - actively avoiding the horse rental place - To tell the Commander about the adventure

They donate \$9.40 to *The Society for the Preservation of the Historic Ice Mammoth in Greater Upstate New York: Stumpo's Revenge or SPHIMGUNY:SR*

<https://en.wikipedia.org/wiki/Wendigo>

Mother is now a wendigo - in a plane crash and had to eat survivors to survive.

The Story:

Ocean looks up records on his dead mother

They find a secret file talking about the Banana of Demise

Finding it in the Evidence locker, and open the zipper located on it.

They are sucked into a void and land on an island

Landing on a beach with a jungle between them and a city and volcano

A storm rolls in and they get caught in the storm while crossing the jungle

A tree falls knocks them down - they see a long humanoid form in the lightning flashes

Graham's foot gets pulled and they free him.

After tripping, he is pulled away again to a dark cave. Ocean follows.

Oceans finds Graham with his foot being eaten

After a blip in judgement, Ocean kills one and then reveals himself. Graham tries to get away.

Ocean runs out of the cave then around it to lose them.

He jumps down from the top of the cave and tries to cause a collapse.

Two sticks and a middle finger later they collapse themselves inside cave

After searching in pure darkness they find a half eaten boy scout with a lighter on his body.

Using their clothes and lighter they make a torch and follow the cave deeper.

They search the cave deeper and find a dead traveller who had created paintings on the wall

It depicts a Banana, an army of monsters, and a leader. Also written the word 'Wendigo'

They follow the cave to a small opening and climb out.

On top of the volcano they discover they can reach the opening.

Calling to the commander to help, he puts a piece of floss into the hole and they escape on that.

After a short conversation they decide to save the banana for a future exploration.
