

GENERAL CREATIVE BRIEF

Describe what you want designed:

- I'd like to get someone to turn the below GG design into an Ai vector or PNG that I could then use to get a shirt made for a friend whose initials are surprisingly GG. If you could pull out the letters and not the dotted lines in the background, that's what I'd like done. If it's possible to use the same colours then that would be awesome.

I look forward to seeing what you guys can do!

Thanks
