

ToS

By commissioning me, you are stating you agree to these terms.

Turnaround

Due to the existence of a pandemic, my turnaround time sits at **1-3 weeks**, though please allow for a little longer. I am currently **homeless** which may impact work times.

If you want your commission/s done faster, I can put you to the top of the queue for +50% of the price of your commission/s. If you want your commission/s done on my day off, prices can be discussed.

As of a decision made on the 7th of June 2020, I will do YCHs a minimum of **3 days** a week, and take less per week to reflect this change. This is to prevent the severe burnout I ran into previously. Some weeks, I will do more, but no more than **5 days** per week. These 3 days are not yet set in stone, as I'm still trying to see which ones work best for me!

Additionally, non-YCH art is now by-opening only, via journal and submissions posted offering up limited slots for such art.

Payment

I take full upfront payment only, unless previously discussed and agreed upon. **You must, if prompted, select no shipping address needed.** With my art not being a physical item to send, I have no tracking info to give paypal.

Paypal only. I do not take points, bank transfer, or other app payment methods.

If you send an eCheck, you will be added to a 'payment pending' list, and whenever the payment comes through, you will be added to the bottom of the current queue. So if it takes a week to come through, you don't get added to the queue for a week.

Using my art

You're not to use my art commercially for any reason, unless discussed with me. As standard you would have signed no commercial licensing, thus leaving you with no right to use the work as such. Printing it on one item for yourself, not to sell, is fine however.

You are welcome to upload **the watermarked version** of the artwork to your personal galleries as long as you link back to my furaffinity. **NO EXCEPTIONS.**

You are not allowed to edit the artwork in any way **unless discussed prior.**

State before you pay if you want the commission to be kept private, as this may incur an extra charge. If you fail to tell me beforehand, your commission ***will be posted.***

Refunds

Unless I cancel a commission [or otherwise cannot complete it], I *do not* offer refunds, make sure you can actually afford to buy art before you do it!

Should I cancel or find myself unable to complete your art, I will ask for your paypal name and email so I can process a refund ASAP. If any work has already been done, you can choose:

A full refund and forfeit any work done [IE if I'd already sketched, but had to cancel, I would delete the sketch or reuse it]

OR

A partial refund, and having any work done given as a commission

Ordering

Simple, note me or hit me up on telegram [[@cirqueduvale](#)]. **Telegram is for commission purposes only unless otherwise offered or specified.**

If you can, make sure to clearly outline your reference image[s] and what you would like drawn. It speeds up the process and helps me as the artist.

Ensure you have everything that you want included in your order before payment. Any changes after payment is made will incur a minimum charge of \$5 per detail changed.

I do not share my Discord for commission purposes.

Reference images

Reference images must be *clear* and *blatantly show your character*, flat color is heavily preferred, but can work with shaded if a palette is provided, or you're not particularly anal about exact colors.

If you want me to work from description, +\$5 to simple characters, up to +\$15 for complex ones.

Hex codes/separate color sheets/uncolored reference images can incur up to a \$15 extra charge regardless of the commission type.

If you have some reference images [real life, mood board] you may still be charged extra. If the reference material is *you*, expect a charge based on how SFW or NSFW the images I have to see and draw end up.

If your reference material is lacking a detail (genital, marking, etc) it is not my responsibility to go back and edit the image for free, nor is it my responsibility to looking through your gallery for additional references. What you give me is what I will use.

Edits made due to lack of accurate reference material cost a minimum of \$4 **per edited part of the image**.

Sketches

You will receive WIP sketches if asked on custom full body art.

You will **NOT** get WIP sketches for:

YCHs

Chibis

Wing-its

Artistic Freedom commissions

What I will not draw

[if it's not on here, assume I'll draw it. List may be added to]

Cub/Pedophilia

Scat

Rape*

Snuff/gore involving underage characters

Violence against pregnant characters

Hatespeech

Incest

NSFW of pets

NSFW of real people [other than yourself]

Characters labelled futa/trap/cuntboy/herm/shemale etc

Incurs extra charge for me to draw

Diapers/ABDL related kinks

Anything involving the fucking word 'daddy' - and 'mommy' for that matter.

Heavy bondage [due to complexity, not squick]

Complex characters

Wings

Mech/partially mech characters

NSFW [dutch] angel dragons

NSFW of 'closed' or otherwise ""original"" species (exceptions: sergals, wickerbeasts)

NSFW of yourself

Babyfur [SFW ONLY]

Fart/burp/gas/'stink' kinks

[*any kind of unwanted sexual contact, I do not consider gore/snuff with no sex involved rape under this definition]

You can ask for almost any of my characters to be involved in your commission, feel free to ask!

There will be an extra charge to include my characters in commissions involving anything on the 'Incurs extra charge for me to draw' list [**except** heavy bondage if only one character is in bondage/mech if only one character is mech]. The price is dependent on many things, and as such is case by case

The minimum charge for NSFW of yourself [not a character/fursona, you as you are] with my characters is \$40 due to it making me uncomfortable.

I will retain the file of your commission for **one month**, after that I cannot guarantee I will have the files, make sure you have them saved and backed up, thank you.
