Prof. Dr. Zulkardi, MIKomp, M.Sc

ATTACHMENT

1. Attach the results obtained and the related semester research plan, namely the results obtained after the previous period's monitoring and evaluation up to this period's monitoring and evaluation. So that the report on the results that have been obtained can be well understood, a summary of the previous results can be written to start writing about the results that were obtained in this period.
2. Attach related documents, such as seminar certificates, draft papers (if any), decrees or statements regarding overseas visits, and so on.
