## ℔ Traits ℔

---

### *~ Positive ~*

- ❖ **Curious:** *“A direct result of his never ending hunger for knowledge. Sometimes all consuming in its desire, Vaelen has never not continued to search for knowledge and history of the world he lives in.”*
- ❖ **Caring:** *“The loss of his parents at an early age left a gap in a young Vaelens mental state, he’s tried his best to fill it with people he can trust, though that in and of itself has been a struggle. He makes the utmost effort to make people like him.”*
- ❖ **Perceptive:** *“Vaelen is curious, as such hearing and attempting to empathize with the speakers of tales are appealing past times that he enjoys. As such he’s become adept in figuring out peoples tells, as well as emotions they may otherwise hide.”*
- ❖ **Whimsical:** *“A lack of emotional maturity in Vaelen’s mind conflicts with his perceived view of himself. To not disrupt his careful balance he usually masks any troubled emotions with jovial attitudes, however he also generally likes to keep his joking attitude around to help make better friends with those he meets.*

~~~~~

### *~ Neutral ~*

- ❖ **Cunning:** *“Something Vaelen developed over years of tutelage from an old trader. He carried this knack for devious planning into his now normalized life in Sanctuary, but it can bring good outcomes when times call for last minute plan making.”*
- ❖ **Stubborn:** *“The drive for greater power, status, family, relations and anything else drives Vaelen forward. One might even say he has a greed*

*for achievement, however it is not often that it is driven to the point of needless consumption”*

- ❖ **Prideful:** *“A double edged sword that drives Vaelen to keep himself on the right path. He feels it makes him more attractive to be friendly and open, however he also feels the need to be more refined than those around him, leading to events of rage when he is pitied, looked down on, or humiliated”*
- ❖ **Fickle:** *“His suspicious nature mixed with his caring one often conflicts to create a flipping sense of who he likes and dislikes, often only one encounter can change a liked person to disliked, however it means he can be quick to forgive those whom he knows little about.”*
- ❖ **Shy:** *“To refrain from making any mistakes that may make others, or more often himself, think poorly of him, he finds it best to keep quiet and out of the fray. Though this makes it difficult for him to truly connect with others when he feels he is in an unknown, or unsafe, space.”*

~~~~~

### *~ Negative~*

- ❖ **Manipulative:** *“Perhaps a leftover remnant of his wicked ancestors, Vaelen’s mind is simply drawn to deceit as the natural course of action, although years of practice and a sharp intuition usually keep him away from meaningless lies.”*
- ❖ **Suspicious:** *“His natural paranoia takes hold of his actions, even if he speaks to someone he cares for, ever present in the back of his mind. It nags at him, making it hard to fully believe or trust in anyone.*
- ❖ **Selfish:** *“A simple lack of thought for others takes hold of Vaelen at sporadic moments. Being alone with the mute trader left Vaelen mostly*

*caring for himself at an early age, something he projects onto his daily life even now.”*

- ❖ **Spiteful:** *“Generated from Vaelens selfishness, or a basic lack of thought for others, he internalizes perceived wrongs even without the full story. Not taking time to put himself in the shoes of others. At times he’s aware he is still in the dark on facts, but bites back anyway to satisfy his own emotions.”*

*Dr. Leo*

**Fear** ▾ **Loyalty** ▾ **Intimidation** ▾

*6/5/25 - “My sire... and the man who has enslaved my mind. It still*

*haunts me, the moment he gently ripped the life from my body only to force new terrible power into it. I desperately want to hate him, but my own mind has not the individuality to do so, all I can do is obey. Obey the one I fear and bend to, I shudder at even his name..”*

### Eira Ironwood

Fond ~ Friendly ~ Adoration ~

*5/19/25 - “A sociable shifter girl, she was one of the earliest people I had the chance to mingle with. It’s been a while since I’ve seen her though.”*

*5/26/25 - “Nisrine put it into words best, I suppose I do see Eira as a younger sister. I worry for the girl quite a lot when I see her, she jumps about more than needed. I worry that she might find herself hurt.. Though I trust in her ability to somehow always turn a situation into an opportunity to make friends with the nobles of this island. She always finds time to seek me out, it’s a nice feeling to be sought out.. I have not looked out for her in return, I hope I am not smacked for that...”*

### Nimera d'Auclaire

Suspicion ~ Hate ~

*5/19/25 - “Theo’s sister and the Matriarch of the d'Auclaire family, I find her to be distant, it makes me wonder if I’ve earned her ire in some way..”*

*5/26/25 - “She seems to think I have in some way acted out whilst in her house and she chastised me for it though I were a sibling, it’s sickening. I concede to the fact that the conversation took place while in the confines of her home, but I cannot ignore the itching feeling of distaste I feel when I think back to her actions. If my own mind, my sanctity, is not at rest on*

*this issue soon I fear I will have to take a more direct means to avert her future attempts at correcting my thoughts.”*

### Theo d'Auclaire

Friendly - Curious -

*5/19/25 - “I met him at the ball, where we had to awkwardly answer questions about each other. He seems like a good man all in all. I now work for him, and yet he keeps his distance”*

*5/26/25 - “You’ve given me precious advice, it aids me through the days. I’m thankful for it. Someday though I intend to verify your motivations, you seem to me as far too enigmatic whilst compared to the others of the house I serve. On a lighter note however you seem to be resilient through your fiancé’s illness, I hope to continue to give my hopes towards her successful treatment.”*

### Shore Wethers

Concern - Despise -

*5/19/25 - “Works for Nimera as well, probably also her lover.. I think he’s alright, perhaps I’m paranoid but I still find myself drawing an ill faced expression when I think of his powers. It makes me worry, for him and for me.”*

*5/26/25 - “He seemed to get the wrong side of the story when Elara decided to ruin the evening. I find it doubtful he sympathizes with her... but doubt remains nested in my gut. I think that I will ask him for a spar, perhaps the experience will help me to reaffirm my dwindling confidence in his ability to judge a person's character.”*

*5/19/25 - "A likable and helpful shifter, she seems to act the responsible one but after what I've seen of her.. I worry. I think that perhaps she may just need a net to catch her when she's down."*

*5/26/25 - "She seems to be drained quite often, though devoutly steadfast in her work. I've come to understand that I know terribly little of her outside what idle chatter she speaks about while on her shift.. Which brings me to wonder if I am truly even considered a friend by her? Perhaps I am simply a customer.. I dislike the thought, but I can do little to change it."*

## Iseabail O'Brolchain

Friendly -

Curious -

*5/19/25 - "One of the most perceptive people I've met, and the only one to notice my shift in eye color. I find it worrying however for the coming days. Will she also sense my next shift just as easily?"*

*5/19/25 - "Your position and demeanor are befitting of one of your character. You seem like the best brother Elara might ask for.. I find myself sometimes wondering if I might also obtain such a passion and status."*

*5/26/25 - "You are Elara's brother, and yet I am unsure how you view me. I will bide my time until I know more I think."*

## *Elara Aurelithis*

Despise - Suspicion - **Conflicted** - Confused -

*5/19/25 - "I do love you.. I just don't know if you really feel the same. I don't.. understand why you look so tired. What do I need to do in order to make you smile at me?"*

*5/21/25 - "Cruel.. It was you who asked me if we could see each other. It was you who set me up to think you loved me. It was you who publicly humiliated me in front of my own employers. I don't know if I will forgive you.."*

*5/26/25 - "You speak as though you're innocent, a well played trick to twist people against me. You tell me of a desire to rekindle what never existed, what is now a bridge long done burning has grown a rift that I wish no place in crossing. You disgust me, everytime I see you I've a twisting feeling in my gut that only strengthens my loathing of your actions."*

## *Nisrine Vanderlein*

Curious - **Friendly** - Amused -

*5/19/25 - "Nearly as nosey as Iseabail and just about as annoying. It unnerves me when she tries to find "the bright side" of everything."*

*5/26/25 - "I've spoken to her more when I was in a more amicable state of mind, she was a rather lovely person. Intelligent as well as witty, perhaps my first assessment was incorrect. In any case she seemed to look past my exterior, I hope to see more of her in the future."*

## *Ander Rein*

Concern - Pity - Acquainted -

*5/19/25 - "I'm overjoyed you were able to make a bracelet for me to give to Elara. I hope to see you doing well soon!"*

*5/21/25 - "I don't know what you did... but I cannot ignore the fact you seem to be close with Elara. Or the fact you knew I loved her, I'll keep an eye on you to make sure you don't rob anyone else of their aspirations."*

*5/26/25 - "Perhaps you were caught in an unfortunate spot, I will have to wait to see fully, however I spoke with you more at the party and you seem inclined towards the well being of others"*

*5/29/25 - "A complete and utter idiot it seems, as I've found out you have fallen for Elara of all people. I fail to see how he has not seen through her obvious lies yet, truly I pity you. Perhaps I shall inspire ideas in Eira that might dissuade you from this path, though I dislike the thought of using her .. even for a righteous purpose."*

Elowen C.

Acquainted - Curious - Sympathy -

*5/28/25 - "The librarian and a generally strange person to me. She seems timid around shifters.. Although she looks to have avian features near her ears? I don't know yet how she thinks of me, but I do suspect she knows more of the arcane, perhaps she's even ignited, than she lets on and I find it to be rather stoic. I highly doubt she doesn't know I'm enkindled at this point, I was rather blunt about it a while ago.. She seems like someone who would be excellent to study with."*

*5/29/25 - "A kinswoman, guard, and faithful of The Smith. I've come to find that I cannot perceive the inner workings of her mind, nor am I able to delve into her intimate thoughts without risking her anger. Perhaps I shall make myself more acquainted with this woman, so that I may uncover how she functions..?"*

*6/7/25 - "I've spent more time around her and she seems to me rather oblivious, especially for a Bailiff. I've joined her Academy to further my studies of magic, as well as integrate myself into a community of trusting individuals. Her blood... a scent like none I've had thus far, I cannot deny it has played some part in my recent actions. I fully intend to quench this thirst, however, I think that keeping her alive is best as to not arouse suspicion or insite any pointless fighting.*

*6/7/25 - "What a time! Your blood is no less intoxicating than I imagined.. If only that damnable rabbit was not in my way.. I might have had more. I fully intend to let things settle and build back trust before I make another move, but we shall see if that is truly necessary."*

*6/9/25 - "A basket of flowers with a poem attached was... was not what I was expecting to receive from her. I'm unsure of how best to respond, I was completely unaware of any romantic intentions.. Perhaps I missed something obvious?"*

Curious - Friendly - Hunger -

*6/6/25 - "An interesting woman who seems to be a bit unhinged from my observations. I feel an urge to keep her in my sights.. The smell of blood that seeped from her veil when we last spoke nearly drove me into a frenzy. I truly would like to taste her ichor and become that much more acquainted with another."*
