

“Hand Raise” Social Post and Email

After you've designed your SMART Offer, then you can publish a “hand raise” post on your social media accounts and send it to your full email subscriber list.

This post makes your potential clients “raise their hand” and say “Hey, she's talking about me!” 🙋

How would your life change if you were making a full-time income from your business? 💰💰💰

How would it feel to finally quit your day job and free up time for your own business, your family, and your self-care? ❤️❤️❤️

Your dream is closer than you think! ⌚⌚⌚

I'm putting together a group to help ambitious women take their side hustles to the next level and earn a FULL-TIME INCOME through their businesses in JUST 12 WEEKS by following a step-by-step plan.

This new program is still being developed, but I want to know what you Life Editors think.

So far, my clients have gotten these fabulous results . . .

- ✅ Fanny sold out her coaching program in just 2 weeks.
- ✅ Vanessa earned a full-time income from her business in less than a month.
- ✅ Erika got 2 extra paying clients per month so she could quit her job.
- ✅ Marilyn doubled her business income in just 90 days.
- ✅ Sarah launched her first mastermind group and charged her highest rate ever.
- ✅ Karen reached her 2 biggest financial goals in just 12 weeks.
- ✅ Wilma got more done in 3 months than she did in the past 3 years.

This new group will be bigger, better, and faster than any of my previous programs, but you must be willing to DO THE WORK.

Thankfully, I'll be with you every step of the way to help you earn a FULL-TIME INCOME through your business in JUST 12 WEEKS.

This new program isn't free, but for the right person with the right mindset, it'll be entirely worth it. ★
