## JAN 2025 - PASADENA HUMANE SOCIETY

Maxine received a Service Medal award for leadership in organizing a rapid response fundraiser for the Altadena Wildfires. She led and gathered her teammates and fundraised just over \$300 in 3 hours providing displaced animals with 300 lbs of pet food. Her and her team were also recognized with local news coverage.

## AUG 2024 – BASKETBALL PROGRAM REVIVAL & MENTORSHIP

Maxine revived her school's girls basketball program after her school had a 3 year hiatus, recruiting enough players to form a team and leading them to their first semifinal appearance in a decade. She collaborated with the boys basketball coach (Coach Ramirez), inspired younger students, and mentored development clinics to develop future players. Her leadership ensured the program's growth and sustainability beyond her own playing years.
