

Grade: 11-12 grades		
Unit: Pinstriping (PS) (Optional)		
Pacing: 2 weeks		
PLC Question: What do we want all students to know and be able to do?		
Grade Level Priority Standards (Example):		
Supporting Standards: State: CV12.1.4; CV12.2.4; CV12.3.1; CV12.3.3; CV12.4.3; CV12.4.4; CV12.5.2; CV12.5.3; ASE: MLR I.A.1; I.A.5; I.B.2; I.C.1; I.C.2; I.C.4; I.C.6;		
Essential Questions: • What are the learning targets? • How am I going to accomplish these learning targets and do it safely? (e.g. What tools do I need? How do I use these tools safely? What information do I need? Where do I find this information? How do I use this information?)		
Learning Progressions		
Previous Grade Level Standards:	Grade Level Standards:	Next Grade Level Standards:
Student Friendly Learning Targets		
Standards (ASE): • Demonstrate how to prepare the panel, brush, and paint for application • Demonstrate how to perform (practice) the basic strokes of pinstriping to a panel • Demonstrate how to apply pinstriping to a panel • Demonstrate how to clean and store the paint and brush		
Essential Vocabulary		
Key Academic Vocabulary: Please refer to the Canvas module concerning pinstriping.		

PLC Question: How will we know when students have learned?

Assessment and Evidence		
State Required Assessments	District Essential Assessments Embedded within all ASE student certification tests.	Supporting Evidence - Pre Assessments - Modular formative assessments Classroom Assessment and Evidence: - Daily Work - Competency checklists and observation - Student Self Assessment

Priority Standard Proficiency Scale	
Score:	Standard:
Score 4	- The student meets expectations by independently completing the entire standard to manufacturer's recommendations. - The student will assist their peers by re-teaching and/or demonstrating the standard. - The student will use the standard in the shop in a real-life scenario.
Score 3.5	- The student meets expectations by independently completing the entire standard to manufacturer's recommendations. - The student will assist their peers by re-teaching and/or demonstrating the standard.
Score 3	The student meets expectations by independently completing the entire standard to manufacturer's recommendations.
Score 2.5	The student is approaching expectations by independently completing the entire standard with minor errors to manufacturer's recommendations.
Score 2	The student is approaching expectations by independently completing part of the standard.
Score 1.5	The student needs help and support from the teacher to perform the complete standard.
Score 1	The student needs help and support from the teacher to perform part of the standard.

PLC Question: How will teachers facilitate the learning?

Key Curriculum Resources and Instructional Strategies	Supporting Resources and Instructional Strategies
CDX curriculum in Canvas Instructional videos embedded within CDX curriculum in Canvas. AllData technical service information software Teacher demonstration with proper tooling, technique, and safety measures.	Additional lessons needed for standards: Additional instructional videos Peer support Digital Tools: Canvas AllData Credible internet resource search Instructional Videos

PLC Question: What will we do when students have not learned?

Interventions	
Tier 3 - Intensive	Tier 2 - Strategic

PLC Question: What will we do when students have learned?

Enrichment
- Give the students more challenging assignments. - Have students support/teach other students.

PLC Reflections

How will we increase our instructional competence?

How will we coordinate our efforts as a collaborative team?
