

Sierra Sage of South Orange County Group
2025 Executive Committee Candidates
Vote at sc.org/VoterPortal between Oct 1st and Nov 13th.

Victoria Hazley

I am currently the Vice Chair and Treasurer of the Sage Management Committee and I wish to continue serving the organization in a leadership role. I have been a Sierra Club member since 2017 and leader since 2020. I enjoy participating in many day hikes and Sierra Club Outings Trips, including several mule packs, I'm also a hike leader and my interaction with nature inspires my commitment to protect flora and fauna and our public lands.

If re-elected, I'd have the opportunity to provide input on Sierra Sage matters regarding the environment and preserving nature areas. I will continue participation in activities, such as tabling events that showcase and promote the Sierra Sage Chapter in Orange County Group. Also, to support Sierra Club's mission of keeping outdoor spaces protected and accessible for everyone to enjoy. Please consider supporting my desire to continue to be a member of the management committee and contribute to the future success of the group.
