

Research Network Forum

APRIL 3, 2024
RESEARCH NETWORK FORUM @
CCCC

IN-PERSON in SPOKANE, WASHINGTON

CALL FOR PROPOSALS

The 37th Annual RNF includes:

- **Work-in-Progress Presenters** sharing research in **8–10-minute presentations** at **Thematic Roundtables**
- **Discussion Leaders**, national senior researchers and scholars, mentoring Work-in-Progress Presenters
- **Editors** discussing how to get research published, and
- **Networking** opportunities for all who attend.

RNF is FREE for those registered for CCCC. **You can appear on the RNF Program *and* have a speaking role at CCCC.**

- If you are unable to commit to the entire day, please make sure you indicate your availability for the AM or PM session.
- *RNF often meets the same time as TYCA, ATTW, IWCA & other various CCCC workshops. Please do not double-book!*
- RNF is **not** set up for co-presenters (trust us—it doesn't work!). Please **submit ONLY individual Work-in-Progress Presentation proposals.**
- If a department is sending multiple graduate students, please send faculty Discussion Leaders to RNF who will work with people from other programs.

Proposals Accepted until November 20, 2023
