Instructional Strategies

On April 6, 2016, 26 Induction Participating Teachers attended an Instructional Strategies Professional Development from 3:00-5:00. The PTs spent an extensive amount of time learning about academic discourse, structured pair sharing routines and purposes, checking for understanding using TAPPLE, and of classroom routines and management to ensure student engagement. Thank you to Stephanie Shumate, Curriculum Specialist for providing teachers with such an informative and useful training!

Please call or email if you have any questions or concerns.
